**1. Significant Accounting Policies**

The information included in the foregoing interim condensed consolidated financial statements is unaudited. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the Company's financial position and results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year. These interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and the notes thereto included in the 2020 Combined Form 10-K. Subsequent events, if any, are evaluated through the date on which the financial statements are issued.

**2. Revenues**

*Advertising revenues:* The majority of our revenues are derived from contracts for advertising space on billboard, logo and transit displays. Contracts which do not meet the criteria of a lease under ASC 842, *Leases* are accounted for under ASC 606, *Revenue*. The majority of our advertising space contracts do not meet the definition of a lease under ASC 842 and are therefore accounted for under ASC 606. The contract revenues are recognized ratably over their contract life. Costs to fulfill a contract, which include our costs to install advertising copy onto billboards, are capitalized and amortized to direct advertising expenses (exclusive of depreciation and amortization) in the Condensed Consolidated Statements of Income and Comprehensive Income.

*Other revenues:* Our other component of revenue primarily consists of production services which includes creating and printing the advertising copy. Revenue for production contracts is recognized under ASC 606. Contract revenues for production services are recognized upon satisfaction of the contract which is typically less than one week.

*Arrangements with multiple performance obligations:* Our contracts with customers may include multiple performance obligations. For such arrangements, we allocate revenue to each performance obligation based on the relative standalone selling price. We determine standalone selling prices based on the prices charged to customers using expected cost plus margin.

*Deferred revenues:* We record deferred revenues when cash payments are received or due in advance of our performance obligation. The term between invoicing and when a payment is due is not significant. For certain services we require payment before the product or services are delivered to the customer. The balance of deferred income is considered short-term and will be recognized in revenue within twelve months.

*Practical expedients and exemptions:* The Company is utilizing the following practical expedients and exemptions from ASC 606. We generally expense sales commissions when incurred because the amortization period is one year or less. These costs are recorded within direct advertising expenses (exclusive of depreciation and amortization). We do not disclose the value of unsatisfied performance obligations as the majority of our contracts with customers have an original expected length of less than one year. For contracts with customers which exceed one year, the future amount to be invoiced to the customer corresponds directly with the value to be received by the customer.

The following table presents our disaggregated revenue by source for the three and nine months ended September 30, 2021 and 2020.

	Three Months Ended September 30,		Nine Months Ended September 30,

#### 5. Stock-Based Compensation

*Equity Incentive Plan.* Lamar Advertising's 1996 Equity Incentive Plan, as amended, (the "Incentive Plan") has reserved 17.5 million shares of Class A common stock for issuance to directors and employees, including shares underlying granted options and common stock reserved for issuance under its performance-based incentive program. Options granted under the plan expire ten years from the grant date with vesting terms ranging from three to five years and include 1) options that vest in one-fifth increments beginning on the grant date and continuing on each of the first four anniversaries of the grant date and 2) options that cliff-vest on the fifth anniversary of the grant date. All grants are made at fair market value based on the closing price of our Class A common stock as reported on the Nasdaq Global Select Market on the date of grant.

We use a Black-Scholes-Merton option pricing model to estimate the fair value of share-based awards. The Black-Scholes-Merton option pricing model incorporates various and highly subjective assumptions, including expected term and expected volatility. The Company granted options for an aggregate of 45,000 shares of its Class A common stock during the nine months ended September 30, 2021. At September 30, 2021 a total of 2,297,290 shares were available for future grant.

*Stock Purchase Plan.* Lamar Advertising's 2009 Employee Stock Purchase Plan (the "2009 ESPP"), approved by our shareholders on May 28, 2009, expired by its terms on June 30, 2019. On May 30, 2019, our shareholders approved Lamar Advertising's 2019 Employee Stock Purchase Plan (the "2019 ESPP"). The 2019 ESPP became effective upon the expiration of

the 2009 ESPP. The number of shares of Class A common stock available under the 2019 ESPP was automatically increased by 86,490 shares on January 1, 2021 pursuant to the automatic increase provisions of the 2019 ESPP.

The following is a summary of 2019 ESPP share activity for the nine months ended September 30, 2021:

	Shares
Available for future purchases, January 1, 2021	369,771
Additional shares reserved under 2019 ESPP	86,490
Purchases	(87,473)
Available for future purchases, September 30, 2021	368,788

*Performance-based stock compensation.* Unrestricted shares of our Class A common stock may be awarded to key officers, employees and directors under the Incentive Plan. The number of shares to be issued, if any, will be dependent on the level of achievement of performance measures for key officers and employees, as determined by the Company's Compensation Committee based on our 2021 results. Any shares issued based on the achievement of performance goals will be issued in the first quarter of 2022. The shares subject to these awards can range from a minimum of 0% to a maximum of 100% of the target number of shares depending on the level at which the goals are attained. For the nine months ended September 30, 2021, the Company has recorded \$18,379 as stock-based compensation expense related to performance-based awards.

*Restricted stock compensation.* Annually, each non-employee director automatically receives a restricted stock award of our Class A common stock upon election or re-election. The awards vest 50% on grant date and 50% on the last day of the directors' one year term. The Company recorded \$544 in stock-based compensation expense related to these awards for the nine months ended September 30, 2021.

#### 6. Depreciation and Amortization

The Company includes all categories of depreciation and amortization on a separate line in its Condensed Consolidated Statements of Income and Comprehensive Income. The amounts of depreciation and amortization expense excluded from the following operating expenses in its Condensed Consolidated Statements of Income and Comprehensive Income are:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2021	2020	2021	2020
Direct advertising expenses	\$ 80,068	\$ 57,556	\$ 192,816	\$ 176,395

The increase in the amount of depreciation and amortization expense excluded from direct advertising expense for the three and nine months ended September 30, 2021 as compared to September 30, 2020 is due to the revision in the cost estimate included in the calculation of asset retirement obligations during the period.

Senior Credit Facility

On February 6, 2020, Lamar Media entered into a Fourth Amended and Restated Credit Agreement (the “Fourth Amended and Restated Credit Agreement”) with certain of Lamar Media’s subsidiaries as guarantors, JPMorgan Chase Bank, N.A. as administrative agent and the lenders party thereto, under which the parties agreed to amend and restate Lamar Media’s existing senior credit facility. The Fourth Amended and Restated Credit Agreement amended and restated the Third Amended and Restated Credit Agreement dated as of May 15, 2017, as amended (the “Third Amended and Restated Credit Agreement”).

The senior credit facility, as established by the Fourth Amended and Restated Credit Agreement (the “senior credit facility”), consists of (i) a \$750,000 senior secured revolving credit facility which will mature on February 6, 2025 (the “revolving credit facility”), (ii) a \$600,000 Term B loan facility (the “Term B loans”) which will mature on February 6, 2027, and (iii) an incremental facility (the “Incremental Facility”) pursuant to which Lamar Media may incur additional term loan tranches or increase its revolving credit facility subject to a pro forma secured debt ratio of 4.50 to 1.00, as well as certain other conditions including lender approval. Lamar Media borrowed all \$600,000 in Term B loans on February 6, 2020. The entire amount of the Term B loans will be payable at maturity. The net proceeds from the Term B loans, together with borrowings under the revolving portion of the senior credit facility and a portion of the proceeds of the issuance of the 3 3/4% Senior Notes due 2028 and 4% Senior Notes due 2030 (both as described below), were used to repay all outstanding amounts under the Third Amended and Restated Credit Agreement, and all revolving commitments under that facility were terminated. As a result of refinancing our credit facility the Company incurred a loss on debt extinguishment of \$5,608 for the nine months ended September 30, 2020.

The Term B loans mature on February 6, 2027 with no required amortization payments. The Term B loans bear interest at rates based on the Adjusted LIBO Rate (“Eurodollar term loans”) or the Adjusted Base Rate (“Base Rate term loans”), at Lamar Media’s option. Eurodollar term loans bear interest at a rate per annum equal to the Adjusted LIBO Rate plus 1.50%. Base Rate term loans bear interest at a rate per annum equal to the Adjusted Base Rate plus 0.50%.

The revolving credit facility bears interest at rates based on the Adjusted LIBO Rate (“Eurodollar revolving loans”) or the Adjusted Base Rate (“Base Rate revolving loans”), at Lamar Media’s option. Eurodollar revolving loans bear interest at a rate per annum equal to the Adjusted LIBO Rate plus 1.50% (or the Adjusted LIBO Rate plus 1.25% at any time the Total Debt Ratio is less than or equal to 3.25 to 1). Base Rate revolving loans bear interest at a rate per annum equal to the Adjusted Base Rate plus 0.50% (or the Adjusted Base Rate plus 0.25% at any time the total debt ratio is less than or equal to 3.25 to 1). The guarantees, covenants, events of default and other terms of the senior credit facility apply to the Term B loans and revolving credit facility.

As of September 30, 2021, there were no borrowings outstanding under the revolving credit facility. Availability under the revolving credit facility is reduced by the amount of any letters of credit outstanding. Lamar Media had \$14,345 in letters of credit outstanding as of September 30, 2021 resulting in \$735,655 of availability under its revolving credit facility. Revolving credit loans may be requested under the revolving credit facility at any time prior to its maturity on February 6, 2025.

The terms of Lamar Media’s senior credit facility and the indentures relating to Lamar Media’s outstanding notes restrict, among other things, the ability of Lamar Advertising and Lamar Media to:

- dispose of assets;
- incur or repay debt;
- create liens;
- make investments; and
- pay dividends.

The senior credit facility contains provisions that allow Lamar Media to conduct its affairs in a manner that allows Lamar Advertising to qualify and remain qualified as a REIT, including by allowing Lamar Media to make distributions to Lamar Advertising required for the Company to qualify and remain qualified for taxation as a REIT, subject to certain restrictions.

Lamar Media’s ability to make distributions to Lamar Advertising is also restricted under the terms of these agreements. Under Lamar Media’s senior credit facility, the Company must maintain a specified secured debt ratio as long as a revolving credit commitment, revolving loan or letter of credit remains outstanding, and in addition, must satisfy a total debt ratio in order to incur debt, make distributions or make certain investments.

Lamar Advertising and Lamar Media were in compliance with all of the terms of their indentures and the senior credit facility provisions during the periods presented.

Accounts Receivable Securitization Program

On December 18, 2018, Lamar Media entered into a \$175,000 Receivable Financing Agreement (the "Receivable Financing Agreement") with its wholly-owned special purpose entities, Lamar QRS Receivables, LLC and Lamar TRS Receivables, LLC (the "Special Purpose Subsidiaries") (the "Accounts Receivable Securitization Program"). The Accounts Receivable Securitization Program is limited to the availability of eligible accounts receivable collateralizing the borrowings under the agreements governing the Accounts Receivable Securitization Program.

Pursuant to two separate Purchase and Sale Agreements dated December 18, 2018, each of which is among Lamar Media as initial Servicer, certain of Lamar Media's subsidiaries and a Special Purpose Subsidiary, the subsidiaries sold substantially all of their existing and future accounts receivable balances to the Special Purpose Subsidiaries. The Special Purpose Subsidiaries use the accounts receivable balances to collateralize loans pursuant to the Accounts Receivable Securitization Program. Lamar Media retains the responsibility of servicing the accounts receivable balances pledged as collateral under the Accounts Receivable Securitization Program and provides a performance guaranty.

On June 30, 2020, Lamar Media and the Special Purpose Subsidiaries entered into the Third Amendment (the "Third Amendment") to the Receivables Financing Agreement. The Third Amendment increased the maximum three month average Delinquency Ratio, Dilution Ratio and Days' Sales Outstanding to 11.00% (from 8.00%), 7.00% (from 4.00%) and 75 days (from 65 days), respectively, for each of the months of June, July and August 2020. The Third Amendment did not modify any other financial covenant. Additionally, the Third Amendment established a new Minimum Funding Threshold, which requires the Special Purpose Subsidiaries to maintain minimum borrowings under the Accounts Receivable Securitization Program on any day equal to the lesser of (i) 50.00% of the aggregate Commitment of all Lenders or (ii) the Borrowing Base, though the Special Purpose Subsidiaries had the right to borrow less than the Minimum Funding Threshold during certain periods prior to December 21, 2020 at their election.

On October 23, 2020, Lamar Media and the Special Purpose Subsidiaries entered into the Fourth Amendment (the "Fourth Amendment") to the Receivables Financing Agreement. The Fourth Amendment increased the maximum three month average Delinquency Ratio generally to 13.00% (and up to 16.00% for up to two additional periods upon written notice from Lamar Media), and increased the maximum three month average Dilution Ratio to 5.00% for the remaining term of the Accounts Receivable Securitization Program. Additionally, the Fourth Amendment increased the Minimum Funding Threshold which, as amended, requires the Special Purpose Subsidiaries to maintain minimum borrowings under the Accounts Receivable Securitization Program on any day equal to the lesser of (i) 70.00% of the aggregate Commitment of all Lenders or (ii) the Borrowing Base, though the Special Purpose Subsidiaries had the right to borrow less than the Minimum Funding Threshold during certain periods prior to December 21, 2020 at their election.

On May 24, 2021, Lamar Media and the Special Purpose Subsidiaries entered into the Fifth Amendment (the "Fifth Amendment") to the Receivables Financing Agreement. The Fifth Amendment extended the maturity date of the Accounts Receivable Securitization Program to July 21, 2024. Additionally, the Fifth Amendment decreased the Minimum Funding Threshold which, as amended, requires the Special Purpose Subsidiaries to maintain minimum borrowings under the Accounts Receivable Securitization Program on any day equal to the lesser of (i) 50.00% of the aggregate Commitment of all Lenders or (ii) the Borrowing Base, provided that the Minimum Funding Threshold shall be zero on any day that is a Minimum Funding Threshold Holiday which, as amended, provides for an annual holiday from the requirement of up to sixty days per year. The Fifth Amendment also provides for updated LIBOR replacement procedures.

As of September 30, 2021 there was \$175,000 outstanding aggregate borrowings under the Accounts Receivable Securitization Program. Lamar Media had no additional availability for borrowing under the Accounts Receivable Securitization Program as of September 30, 2021. The commitment fees based on the amount of unused commitments under the Accounts Receivable Securitization Program were immaterial during the nine months ended September 30, 2021.

The Accounts Receivable Securitization Program will mature on July 21, 2024. Lamar Media may amend the facility to extend the maturity date, enter into a new securitization facility with a different maturity date, or refinance the indebtedness outstanding under the Accounts Receivable Securitization Program using borrowings under its senior credit facility or from other financing sources.

The Accounts Receivable Securitization Program is accounted for as a collateralized financing activity, rather than a sale of assets, and therefore: (i) accounts receivable balances pledged as collateral are presented as assets and the borrowings are presented as liabilities on our Condensed Consolidated Balance Sheets, (ii) our Condensed Consolidated Statements of Income and Comprehensive Income reflect the associated charges for bad debt expense (a component of general and administrative expenses) related to the pledged accounts receivable and interest expense associated with the collateralized borrowings and (iii) receipts from customers related to the underlying accounts receivable are reflected as operating cash flows and borrowings and repayments under the collateralized loans are reflected as financing cash flows within our Condensed Consolidated Statements of Cash Flows.

12. Fair Value of Financial Instruments

At September 30, 2021 and December 31, 2020, the Company's financial instruments included cash and cash equivalents, marketable securities, accounts receivable, investments, accounts payable and borrowings. The fair values of cash and cash equivalents, accounts receivable, accounts payable and short-term borrowings and current portion of long-term debt approximated carrying values because of the short-term nature of these instruments. Investment contracts are reported at fair values. Fair values for investments held at cost are not readily available, but are estimated to approximate fair value. The estimated fair value of the Company's long-term debt (including current maturities) was \$2,913,841 which exceeds the carrying amount of \$2,875,468 as of September 30, 2021. The majority of the fair value is determined using observed prices of publicly traded debt (level 1 in the fair value hierarchy) and the remaining is valued based on quoted prices for similar debt (level 2 in the fair value hierarchy).

13. Investments

On July 12, 2021, Lamar invested \$30,000 to acquire a 20% minority interest in Vistar Media, a leading global provider of programmatic technology for the digital out-of-home sector. For the three and nine months ended September 30, 2021, the Company recorded \$1,141 in equity in earnings of investee on the Condensed Consolidated Statement of Income and Comprehensive Income.

This guidance is effective for years beginning after December 15, 2020. The Company adopted this guidance on January 1, 2021 and the impact of the adoption is not material to the Company's consolidated financial statements.

15. Dividends/Distributions

During the three months ended September 30, 2021 and 2020, the Company declared and paid cash distributions in an aggregate amount of \$101,225 or \$1.00 per share and \$50,416 or \$0.50 per share, respectively. The amount, timing and frequency of future distributions will be at the sole discretion of the Board of Directors and will be declared based upon various factors, a number of which may be beyond the Company's control, including financial condition and operating cash flows, the amount required to maintain REIT status and reduce any income and excise taxes that the Company otherwise would be required to pay, limitations on distributions in our existing and future debt instruments, the Company's ability to utilize net operating losses to offset, in whole or in part, the Company's distribution requirements, limitations on its ability to fund distributions using cash generated through its taxable REIT subsidiaries (TRSs), the impact of COVID-19 on the Company's operations and other factors that the Board of Directors may deem relevant. During the three and nine months ended September 30, 2021 and 2020, the Company paid cash dividend distributions to holders of its Series AA Preferred Stock in an aggregate amount of \$91 or \$15.95 per share and \$273 or \$47.85 for each period, respectively.

Under the terms of the 2021 Sales Agreement, the Company may, from time to time, issue and sell shares of its Class A common stock, having an aggregate offering price of up to \$400,000, through the Sales Agents as either agents or principals.

Sales of the Class A common stock, if any, may be made in negotiated transactions or transactions that are deemed to be "at-the-market offerings" as defined in Rule 415 under the Securities Act of 1933, as amended, including sales made directly on or through the Nasdaq Global Select Market and any other existing trading market for the Class A common stock, or sales made to or directly through a market maker other than on an exchange. The Company has no obligation to sell any of the Class A Common stock under the 2021 Sales Agreement and may at any time suspend solicitations and offers under the 2021 Sales Agreement.

As of September 30, 2021, no shares of our Class A common stock have been sold under the 2021 Sales Agreement and accordingly \$400,000 remained available to be sold under the 2021 Sales Agreement as of September 30, 2021.

There were no shares issued under this shelf registration during the nine months ended September 30, 2021 and the year ended December 31, 2020. ### LAMAR ADVERTISING COMPANY

The following is a discussion of the consolidated financial condition and results of operations of the Company for the three and nine months ended September 30, 2021 and 2020. This discussion should be read in conjunction with the consolidated financial statements of the Company and the related notes thereto.

#### **Overview**

The Company’s net revenues are derived primarily from the rental of advertising space on outdoor advertising displays owned and operated by the Company. Revenue growth is based on many factors that include the Company’s ability to increase occupancy of its existing advertising displays; raise advertising rates; and acquire new advertising displays and its operating results are therefore affected by general economic conditions, as well as trends in the advertising industry. Advertising spending is particularly sensitive to changes in general economic conditions which affect the rates that the Company is able to charge for advertising on its displays and its ability to maximize advertising sales or occupancy on its displays.

#### **Impact of the COVID-19 Pandemic**

The unprecedented and rapid spread of COVID-19 and the related government-imposed restrictions and social distancing measures implemented throughout the world negatively affected our business in 2020. During the nine months ended September 30, 2021, our business has generally improved as the economy has recovered. While some of our corporate, front office and sales workforce continues to work from home, a large majority have returned to their offices while adhering to the Centers for Disease Control and Prevention and state and local governmental guidelines and recommendations. The impacts of working from home have been minimal on productivity. Also, while working from home has minimally impacted our processes, there have been no material impacts to our internal control environment.

We continue to actively monitor the situation and may take further actions that alter our business operations as may be required by federal, state or local authorities, or that we determine are in the best interests of our employees, customers, partners and stockholders.

#### **Acquisitions and capital expenditures**

Historically, the Company has made strategic acquisitions of outdoor advertising assets to increase the number of outdoor advertising displays it operates in existing and new markets. The Company continues to evaluate and pursue strategic acquisition opportunities as they arise. The Company has financed its historical acquisitions and intends to finance any future acquisition activity from available cash, borrowings under its senior credit facility or the issuance of debt or equity securities. See “Liquidity and Capital Resources-Sources of Cash” for more information. During the nine months ended September 30, 2021, the Company completed acquisitions for a total cash purchase price of approximately \$107.6 million. See *Uses of Cash – Acquisitions* for more information.

The Company's business requires expenditures for maintenance and capitalized costs associated with the construction of new billboard displays, the entrance into and renewal of logo sign and transit contracts, and the purchase of real estate and operating equipment. The following table presents a breakdown of capitalized expenditures for the three and nine months ended September 30, 2021 and 2020:

	Three Months Ended September 30,		Nine Months Ended September 30,

### Non-GAAP Financial Measures

Our management reviews our performance by focusing on several key performance indicators not prepared in conformity with Generally Accepted Accounting Principles in the United States ("GAAP"). We believe these non-GAAP performance indicators are meaningful supplemental measures of our operating performance and should not be considered in isolation of, or as a substitute for, their most directly comparable GAAP financial measures.

Included in our analysis of our results of operations are discussions regarding earnings before interest, taxes, depreciation and amortization ("adjusted EBITDA"), funds from operations ("FFO"), as defined by the National Association of Real Estate Investment Trusts, adjusted funds from operations ("AFFO") and acquisition-adjusted net revenue.

We define adjusted EBITDA as net income before income tax expense (benefit), interest expense (income), equity in earnings (loss) of investees, loss (gain) on extinguishment of debt and investments, stock-based compensation, depreciation and amortization, loss (gain) on disposition of assets and investments and capitalized contract fulfillment costs, net.

FFO is defined as net income before gains or losses from the sale or disposal of real estate assets and investments and real estate related depreciation and amortization and including adjustments to eliminate unconsolidated affiliates and non-controlling interest.

We define AFFO as FFO before (i) straight-line income and expense; (ii) capitalized contract fulfillment costs, net (iii) stock-based compensation expense; (iv) non-cash portion of tax expense (benefit); (v) non-real estate related depreciation and amortization; (vi) amortization of deferred financing costs; (vii) loss on extinguishment of debt; (viii) non-recurring infrequent or unusual losses (gains); (ix) less maintenance capital expenditures; and (x) an adjustment for unconsolidated affiliates and non-controlling interest.

Acquisition-adjusted net revenue adjusts our net revenue for the prior period by adding to it the net revenue generated by the acquired assets before our acquisition of these assets for the same time frame that those assets were owned in the current period. In calculating acquisition-adjusted revenue, therefore, we include revenue generated by assets that we did not own in the period but acquired in the current period. We refer to the amount of pre-acquisition revenue generated by the acquired assets during the prior period that corresponds with the current period in which we owned the assets (to the extent within the period to which this report relates) as "acquisition net revenue". In addition, we also adjust the prior period to subtract revenue generated by the assets that have been divested since the prior period and, therefore, no revenue derived from those assets is reflected in the current period.

Adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue are not intended to replace net income or any other performance measures determined in accordance with GAAP. Neither FFO nor AFFO represent cash flows from operating activities in accordance with GAAP and, therefore, these measures should not be considered indicative of cash flows from operating activities as a measure of liquidity or of funds available to fund our cash needs, including our ability to make cash distributions. Rather, adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue are presented as we believe each is a useful indicator of our current operating performance. We believe that these metrics are useful to an investor in evaluating our operating performance because (1) each is a key measure used by our management team for purposes of decision-making and

for evaluating our core operating results; (2) adjusted EBITDA is widely used in the industry to measure operating performance as depreciation and amortization may vary significantly among companies depending upon accounting methods and useful lives, particularly where acquisitions and non-operating factors are involved; (3) acquisition-adjusted net revenue is a supplement to net revenue to enable investors to compare period-over-period results on a more consistent basis without the effects of acquisitions and divestitures, which reflects our core performance and organic growth (if any) during the period in which the assets were owned and managed by us; (4) adjusted EBITDA, FFO and AFFO each provide investors with a meaningful measure for evaluating our period-to-period operating performance by eliminating items that are not operational in nature; and (5) each provides investors with a measure for comparing our results of operations to those of other companies.

Our measurement of adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue may not, however, be fully comparable to similarly titled measures used by other companies. Reconciliations of adjusted EBITDA, FFO, AFFO and acquisition-adjusted net revenue to net income, the most directly comparable GAAP measure, have been included herein.

## RESULTS OF OPERATIONS

### Nine months ended September 30, 2021 compared to nine months ended September 30, 2020

Net revenues increased \$152.5 million or 13.4% to \$1.29 billion for the nine months ended September 30, 2021 from \$1.14 billion for the same period in 2020. This increase was primarily attributable to an increase in billboard net revenues of \$153.7 million and an increase in transit net revenues of \$2.2 million, offset by a decrease in logo net revenues of \$3.4 million over the same period in 2020.

For the nine months ended September 30, 2021, there was a \$156.5 million increase in net revenues as compared to acquisition-adjusted net revenue for the nine months ended September 30, 2020, which represents an increase of 13.8%. See “Reconciliations” below. The \$156.5 million increase in revenue is primarily due to an increase of \$151.1 million in billboard net revenues as well as an increase in transit net revenues of \$5.1 million over the same period in 2020.

Total operating expenses, exclusive of depreciation and amortization and gain on disposition of assets, increased \$29.1 million, or 4.2%, to \$717.8 million for the nine months ended September 30, 2021 from \$688.7 million for the same period in 2020. The \$29.1 million increase over the prior year is comprised of a \$17.6 million increase in total direct, general and administrative and corporate expenses (excluding stock-based compensation) primarily related to the operations of our outdoor advertising assets, as well as an \$11.5 million increase in stock-based compensation.

Depreciation and amortization expense increased \$18.1 million to \$205.7 million for the nine months ended September 30, 2021 as compared to \$187.5 million for the same period in 2020. The increase is primarily due to the revision in the cost estimate included in the calculation of asset retirement obligations during the period.

For the nine months ended September 30, 2021, the Company recognized a gain on disposition of assets of \$1.9 million primarily resulting from transactions related to the sale of billboard locations and displays.

Due to the above factors, operating income increased by \$102.4 million to \$371.2 million for the nine months ended September 30, 2021 as compared to \$268.9 million for the same period in 2020.

The Company recognized a loss on debt extinguishment of \$21.6 million during the nine months ended September 30, 2021, which is a \$3.6 million decrease over the same period in 2020. The loss on debt extinguishment during the nine months ended September 30, 2021 relates to the early repayment of our 5 3/4% Senior Notes during the period.

Interest expense decreased \$26.4 million for the nine months ended September 30, 2021 to \$80.6 million as compared to \$107.1 million for the nine months ended September 30, 2020. The decrease is primarily related to the Company’s debt transactions completed in 2020 and 2021, as well as a reduction in our senior credit facility interest rates.

Equity in earnings of investee was \$1.1 million for the nine months ended September 30, 2021 as a result of the investment in Vistar Media that occurred in July 2021. There was no equity in earnings of investee for the nine months ended September 30, 2020.

The increase in operating income, as well as the decrease in interest expense and the decrease in loss on extinguishment of debt, resulted in an \$133.5 million increase in net income before income taxes. The effective tax rate for the nine months ended September 30, 2021 was 2.2%, which differs from the federal statutory rate primarily due to our qualification for taxation as a REIT and adjustments for foreign items.

As a result of the above factors, the Company recognized net income for the nine months ended September 30, 2021 of \$264.8 million, as compared to net income of \$134.7 million for the same period in 2020.

### Reconciliations:

Because acquisitions occurring after December 31, 2019 have contributed to our net revenue results for the periods presented, we provide 2020 acquisition-adjusted net revenue, which adjusts our 2020 net revenue for the nine months ended September 30, 2020 by adding to or subtracting from it the net revenue generated by the acquired or divested assets prior to our acquisition or divestiture of these assets for the same time frame that those assets were owned in the nine months ended September 30, 2021.

Reconciliations of 2020 reported net revenue to 2020 acquisition-adjusted net revenue for the nine months ended September 30, as well as a comparison of 2020 acquisition-adjusted net revenue to 2021 reported net revenue for the nine months ended September 30, are provided below:

FFO for the nine months ended September 30, 2021 increased from \$309.6 million in 2020 to \$459.8 million for the same period in 2021, an increase of 48.5%. AFFO for the nine months ended September 30, 2021 increased 42.1% to \$487.1 million as compared to \$342.7 million for the same period in 2020. The increase in AFFO was primarily attributable to an increase in our gross margin (net revenue less direct advertising expense, exclusive of depreciation and amortization and capitalized contract fulfillment costs, net) offset by an increase in total general and administrative and corporate expenses (excluding the effect of stock-based compensation expense).

**Three months ended September 30, 2021 compared to three months ended September 30, 2020**

Net revenues increased \$90.8 million or 23.5% to \$476.9 million for the three months ended September 30, 2021 from \$386.1 million for the same period in 2020. This increase was primarily attributable to an increase in billboard and transit net revenues of \$81.7 million and \$9.1 million, respectively, over the same period in 2020.

For the three months ended September 30, 2021, there was a \$90.0 million increase in net revenues as compared to acquisition-adjusted net revenue for the three months ended September 30, 2020, which represents an increase of 23.3%. See "Reconciliations" below. The \$90.0 million increase in revenue is primarily due to a \$80.5 million and \$9.7 million increase in billboard and transit net revenues, respectively.

Total operating expenses, exclusive of depreciation and amortization and gain on disposition of assets, increased \$39.0 million, or 17.7%, to \$259.3 million for the three months ended September 30, 2021 from \$220.3 million in the same period in 2020. The \$39.0 million increase over the prior year is comprised of a \$30.8 million increase in total direct, general and administrative and corporate expenses (excluding stock-based compensation) primarily related to the operations of our outdoor advertising assets and a \$8.2 million increase in stock-based compensation.

Depreciation and amortization expense increased \$23.1 million to \$84.3 million for the three months ended September 30, 2021 as compared to \$61.2 million for the same period in 2020. The increase is primarily due to the revision in the cost estimate included in the calculation of asset retirement obligations during the period.

For the three months ended September 30, 2021, the Company recognized a gain on disposition of assets of \$0.03 million primarily resulting from transactions related to billboard locations.

Due to the above factors, operating income increased by \$27.5 million to \$133.3 million for the three months ended September 30, 2021 as compared to \$105.9 million for the same period in 2020.

Interest expense decreased \$8.9 million for the three months ended September 30, 2021 to \$26.1 million as compared to \$35.1 million for the three months ended September 30, 2020. The decrease is primarily related to the Company's debt transactions completed in 2020 and 2021, as well as a reduction in our senior credit facility interest rates.

Equity in earnings of investee was \$1.1 million for the three months ended September 30, 2021 as a result of the investment in Vistar Media that occurred in July 2021. There was no equity in earnings of investee for the three months ended September 30, 2020.

The increase in operating income and decrease in interest expense resulted in a \$44.6 million increase in net income before income taxes. The effective tax rate for the three months ended September 30, 2021 was 1.6%, which differs from the federal statutory rate primarily due to our qualification for taxation as a REIT and adjustments for foreign items.

As a result of the above factors, the Company recognized net income for the three months ended September 30, 2021 of \$106.8 million, as compared to net income of \$62.8 million for the same period in 2020.

The increase in adjusted EBITDA was primarily attributable to an increase in our gross margin (net revenue less direct advertising expense, exclusive of depreciation and amortization and capitalized contract fulfillment costs, net) of \$79.8 million, and was offset by an increase in total general and administrative and corporate expenses of \$19.8 million, excluding the impact of stock-based compensation expense.

AFFO for the three months ended September 30, 2021 increased 44.3% to \$192.5 million as compared to \$133.4 million for the same period in 2020. ## LIQUIDITY AND CAPITAL RESOURCES

### Overview

The Company has historically satisfied its working capital requirements with cash from operations and borrowings under the senior credit facility. The Company's wholly owned subsidiary, Lamar Media Corp., is the borrower under the senior credit facility and maintains all corporate operating cash balances. Any cash requirements of the Company, therefore, must be funded by distributions from Lamar Media.

### Sources of Cash

*Total Liquidity.* As of September 30, 2021 we had \$823.2 million of total liquidity, which is comprised of \$87.6 million in cash and cash equivalents and \$735.7 million of availability under the revolving portion of Lamar Media's senior credit facility. We expect our total liquidity to be adequate for the Company to meet its operational requirements for the next twelve months. We are currently in compliance with the maintenance covenant included in the senior credit facility and we would remain in compliance after giving effect to borrowing the full amount available to us under the revolving portion of the senior credit facility.

As of September 30, 2021 and December 31, 2020, the Company had a working capital deficit of \$236.1 million and \$167.3 million, respectively. The decrease in working capital of \$68.8 million is primarily due to a decrease in cash and cash equivalents of \$34.0 million as well as an increase of \$52.3 million in current maturities of long-term debt due to the additional borrowings on the Accounts Receivable Securitization Program, offset by an increase in receivables, net of \$21.8 million as of September 30, 2021.

*Cash Generated by Operations.* For the nine months ended September 30, 2021 and 2020, our cash provided by operating activities was \$488.2 million and \$361.5 million, respectively. The increase in cash provided by operating activities for the nine months ended September 30, 2021 over the same period in 2020 primarily relates to an increase in revenues of \$152.5 million. We expect to generate cash flows from operations during 2021 in excess of our cash needs for operations, capital expenditures and dividends, as described herein. We believe we have sufficient liquidity available under our revolving credit facility to meet our operating cash needs for the next twelve months.

*Accounts Receivable Securitization Program.* On December 18, 2018, we entered into the Accounts Receivable Securitization Program. The Accounts Receivable Securitization Program provides up to \$175.0 million in borrowing capacity, plus an accordion feature that would permit the borrowing capacity to be increased by up to \$125.0 million. Borrowing capacity under the Accounts Receivable Securitization Program is limited to the availability of eligible accounts receivable collateralizing the borrowings under the agreements governing the Accounts Receivable Securitization Program. In connection with the Accounts Receivable Securitization Program, Lamar Media and certain of its subsidiaries (such subsidiaries, the "Subsidiary Originators") sell and/or contribute their existing and future accounts receivable and certain related assets to one of two special purpose subsidiaries, Lamar QRS Receivables, LLC (the "QRS SPV") and Lamar TRS Receivables, LLC (the "TRS SPV" and together with the QRS SPV the "Special Purpose Subsidiaries"), each of which is a wholly-owned subsidiary of Lamar Media. Existing and future accounts receivable relating to Lamar Media and its qualified REIT subsidiaries will be sold and/or contributed to the QRS SPV and existing and future accounts receivable relating to Lamar Media's taxable REIT subsidiaries will be sold and/or contributed to the TRS SPV. Each of the Special Purpose Subsidiaries has granted the lenders party to the Accounts Receivable Securitization Program a security interest in all of its assets, which consist of the accounts receivable and related assets sold or contributed to them, as described above, in order to secure the obligations of the Special Purpose Subsidiaries under the agreements governing the Accounts Receivable Securitization Program. Pursuant to the Accounts Receivable Securitization Program, Lamar Media has agreed to service the accounts receivable on behalf of the two Special Purpose Subsidiaries for a fee. Lamar Media has also agreed to guaranty its performance in its capacity as servicer and originator, as well as the performance of the Subsidiary Originators, of their obligations under the agreements governing the Account Receivable Securitization Program. None of Lamar Media, the Subsidiary Originators or the Special Purpose Subsidiaries guarantees the collectability of the receivables under the Accounts Receivable Securitization Program. In addition, each of the Special Purpose Subsidiaries is a separate legal entity with its own separate creditors who will be entitled to access the assets of such Special Purpose Subsidiary before the assets become available to Lamar Media. Accordingly, the assets of the Special Purpose Subsidiaries are not available to pay creditors of Lamar Media or any of its subsidiaries, although collections from receivables in excess of the amounts required to repay the lenders and the other creditors of the Special Purpose Subsidiaries may be remitted to Lamar Media.

On May 24, 2021, Lamar Media and the Special Purpose Subsidiaries entered into the Fifth Amendment (the "Fifth Amendment") to the Accounts Receivable Securitization Program, as amended. The Fifth Amendment extends the maturity date of the Accounts Receivable Securitization Program to July 21, 2024. Additionally, the Fifth Amendment decreases the

Minimum Funding Threshold which, as amended, requires the Special Purpose Subsidiaries to maintain minimum borrowings under the Accounts Receivable Securitization Program on any day equal to the lesser of (i) 50.00% of the aggregate Commitment of all Lenders or (ii) the Borrowing Base, provided that the Minimum Funding Threshold shall be zero on any day that is a Minimum Funding Threshold Holiday which, as amended, provides for an annual holiday from the requirement of up to sixty days per year. The Fifth Amendment also provides for updated LIBOR replacement procedures. Lamar Media may amend the facility to extend the maturity date, enter into a new securitization facility with a different maturity date, or refinance the indebtedness outstanding under the Accounts Receivable Securitization Program using borrowings under its senior credit facility or from other financing sources.

As of September 30, 2021, there was \$175.0 million in outstanding aggregate borrowings under the Accounts Receivable Securitization Program. Lamar Media had no additional availability under the Accounts Receivable Securitization Program as of September 30, 2021. The Accounts Receivable Securitization Program will mature on July 21, 2024. On October 20, 2021, Lamar repaid \$60.0 million of its outstanding balance under its Accounts Receivable Securitization Program. Currently, the Company has \$115.0 million outstanding under the Accounts Receivable Securitization Program.

*“At-the-Market” Offering Program.* On May 1, 2018, the Company entered into an equity distribution agreement (the “Sales Agreement”) with J.P. Morgan Securities LLC, Wells Fargo Securities LLC and SunTrust Robinson Humphrey, Inc. as our sales agents. Under the terms of the Sales Agreement, the Company could have, from time to time, issued and sold shares of its Class A common stock, having an aggregate offering price of up to \$400.0 million through the sales agents as either agents or principals. The Sales Agreement expired by its terms on May 1, 2021. The Company did not issue any shares under this program in 2021.

On June 21, 2021, the Company entered into a new equity distribution agreement (the "2021 Sales Agreement"), with J.P. Morgan Securities LLC, Wells Fargo Securities LLC, Truist Securities, Inc., SMBC Nikko Securities America, Inc. and Scotia Capital (USA) Inc. as our sales agents (each a "Sales Agent", and collectively, the "Sales Agents"), which replaced the prior Sales Agreement with substantially similar terms. Under the terms of the 2021 Sales Agreement, the Company may, from time to time, issue and sell shares of its Class A common stock, having an aggregate offering price of up to \$400.0 million through the Sales Agents as either agents or principals. Sales of the Class A common stock, if any, may be made in negotiated transactions or transactions that are deemed to be "at-the-market offerings" as defined in Rule 415 under the Securities Act of 1933, as amended, including sales made directly on or through the Nasdaq Global Select Market and any other existing trading market for the Class A common stock, or sales made to or through a market maker other than on an exchange. The Company has no obligation to sell any of the Class A common stock under the 2021 Sales Agreement and may at any time suspend solicitations and offers under the 2021 Sales Agreement. The Company intends to use the net proceeds, if any, from the sale of the Class A common stock pursuant to the 2021 Sales Agreement for general corporate purposes, which may include the repayment, refinancing, redemption or repurchase of existing indebtedness, working capital, capital expenditures, acquisition of outdoor advertising assets and businesses and other related investments. The Company did not issue any shares under this program from its inception through September 30, 2021.

*Shelf Registration Statement.* On August 6, 2018, the Company filed an automatically effective shelf registration statement (No. 333-226614) that registered the offer and sale of an indeterminate amount of additional shares of our Class A common stock which expired by its term in August 2021. On June 21, 2021, the Company filed a new automatically effective shelf registration statement (No. 333-257243) that allows Lamar Advertising to offer and sell an indeterminate amount of additional shares of its Class A common stock on similar terms as the prior registration statement. During the nine months ended September 30, 2021, the Company did not issue any shares under either shelf registration.

*Credit Facilities.* On February 6, 2020, Lamar Media entered into a Fourth Amended and Restated Credit Agreement (the “Fourth Amended and Restated Credit Agreement”) with certain of Lamar Media’s subsidiaries as guarantors, JPMorgan Chase Bank, N.A. as administrative agent and the lenders party thereto, under which the parties agreed to amend and restate Lamar Media’s existing senior credit facility. The Fourth Amended and Restated Credit Agreement amended and restated the Third Amended and Restated Credit Agreement dated as of May 15, 2017, as amended (the “Third Amended and Restated Credit Agreement”).

On July 2, 2021, Lamar Media entered into Amendment No. 1 (the "Amendment"), to the Fourth Amended and Restated Credit Agreement. The Amendment amends the definition of "Subsidiary" to exclude each of Lamar Partnering Sponsor LLC and Lamar Partnering Corporation and any of their subsidiaries (collectively, the “Lamar Partnering Entities”) such that, after the giving effect to the Amendment, none of the Lamar Partnering Entities are subject to the Fourth Amended and Restated Credit Agreement covenants and reporting requirements, but any investment by Lamar Media in any of the Lamar Partnering Entities would be subject to the Fourth Amended and Restated Credit Agreement covenants. The Amendment also amends the definition of “EBITDA” to replace the existing calculation with a net income-based calculation, which excludes the income of

non-Subsidiary entities such as the Lamar Partnering Entities, except to the extent that income of such entities is received by Lamar Media in the form of dividends or distributions.

The senior credit facility, as established by the Fourth Amended and Restated Credit Agreement (the “senior credit facility”), consists of (i) a \$750.0 million senior secured revolving credit facility which will mature on February 6, 2025 (the “revolving credit facility”), (ii) a \$600.0 million Term B loan facility (the “Term B loans”) which will mature on February 6, 2027, and (iii) an incremental facility (the “Incremental Facility”) pursuant to which Lamar Media may incur additional term loan tranches or increase its revolving credit facility subject to a pro forma secured debt ratio calculated as described under “Restrictions under Senior Credit Facility” of 4.50 to 1.00, as well as certain other conditions including lender approval. Lamar Media borrowed all \$600.0 million in Term B loans on February 6, 2020. The entire amount of the Term B loans will be payable at maturity.

The Term B loans bear interest at rates based on the Adjusted LIBO Rate (“Eurodollar term loans”) or the Adjusted Base Rate (“Base Rate term loans”), at Lamar Media’s option. Eurodollar term loans bear interest at a rate per annum equal to the Adjusted LIBO Rate plus 1.50%. Base Rate term loans bear interest at a rate per annum equal to the Adjusted Base Rate plus 0.50%. The revolving credit facility bears interest at rates based on the Adjusted LIBO Rate (“Eurodollar revolving loans”) or the Adjusted Base Rate (“Base Rate revolving loans”), at Lamar Media’s option. Eurodollar revolving loans bear interest at a rate per annum equal to the Adjusted LIBO Rate plus 1.50% (or the Adjusted LIBO Rate plus 1.25% at any time the Total Debt Ratio is less than or equal to 3.25 to 1). Base Rate revolving loans bear interest at a rate per annum equal to the Adjusted Base Rate plus 0.50% (or the Adjusted Base Rate plus 0.25% at any time the total debt ratio is less than or equal to 3.25 to 1). The guarantees, covenants, events of default and other terms of the senior credit facility apply to the Term B loans and revolving credit facility.

As of September 30, 2021 the aggregate balance outstanding under the senior credit facility was \$600.0 million, consisting of \$600.0 million in Term B loans aggregate principal balance and no outstanding borrowings under our revolving credit facility. Lamar Media had approximately \$735.7 million of unused capacity under the revolving credit facility.

*Note Offerings.* On January 22, 2021, Lamar Media completed, an institutional private placement of \$550.0 million in aggregate principal amount of 3 5/8% Senior Notes due 2031 (the “3 5/8% Senior Notes”). The institutional private placement on January 22, 2021 resulted in net proceeds to Lamar Media of approximately \$542.5 million. Lamar Media used the proceeds of this offering, together with cash on hand and borrowings under the revolving credit facility and Accounts Receivable Securitization Program, to redeem all of its outstanding \$650.0 million aggregate principal amount 5 3/4% Senior Notes due 2026. See *Uses of Cash- Note Redemption* for more information.

#### ***Factors Affecting Sources of Liquidity***

*Internally Generated Funds.* The key factors affecting internally generated cash flow are general economic conditions, specific economic conditions in the markets where the Company conducts its business and overall spending on advertising by advertisers. We expect to generate cash flows from operations during 2021 in excess of our cash needs for operations, capital expenditures and dividends, as described herein, and we believe we have sufficient liquidity with cash on hand and availability under our revolving credit facility to meet our operating cash needs for the next twelve months.

*Credit Facilities and Other Debt Securities.* The Company and Lamar Media must comply with certain covenants and restrictions related to the senior credit facility, its outstanding debt securities and its Accounts Receivable Securitization Program.

*Restrictions Under Debt Securities.* The Company and Lamar Media must comply with certain covenants and restrictions related to its outstanding debt securities. Currently, Lamar Media has outstanding the \$600.0 million 3 3/4% Senior Notes issued February 2020, the \$550.0 million 4% Senior Notes issued February 2020 and August 2020, the \$400.0 million 4 7/8% Senior Notes issued in May 2020 and the \$550.0 million 3 5/8% Senior Notes issued in January 2021.

The indentures relating to Lamar Media’s outstanding notes restrict its ability to incur additional indebtedness, but permit the incurrence of indebtedness (including indebtedness under the senior credit facility), (i) if no default or event of default would result from such incurrence and (ii) if after giving effect to any such incurrence, the leverage ratio (defined as the sum of (x) total consolidated debt plus (y) the aggregate liquidation preference of any preferred stock of Lamar Media’s restricted subsidiaries to trailing four fiscal quarter EBITDA (as defined in the indentures)) would be less than 7.0 to 1.0. Currently, Lamar Media is not in default under the indentures of any of its outstanding notes and, therefore, would be permitted to incur additional indebtedness subject to the foregoing provision.

In addition to debt incurred under the provisions described in the preceding paragraph, the indentures relating to Lamar Media's outstanding notes permit Lamar Media to incur indebtedness pursuant to the following baskets:

- up to \$2.0 billion of indebtedness under the senior credit facility;
- indebtedness outstanding on the date of the indentures or debt incurred to refinance outstanding debt;
- inter-company debt between Lamar Media and its restricted subsidiaries or between restricted subsidiaries;
- certain purchase money indebtedness and capitalized lease obligations to acquire or lease property in the ordinary course of business that cannot exceed the greater of \$50.0 million or 5% of Lamar Media's net tangible assets;
- additional debt not to exceed \$75.0 million; and
- up to \$500.0 million of permitted securitization financings.

*Restrictions Under Senior Credit Facility.* Lamar Media is required to comply with certain covenants and restrictions under the senior credit facility. If the Company or Lamar Media fails to comply with these tests, the lenders under the senior credit facility will be entitled to exercise certain remedies, including the termination of the lending commitments and the acceleration of the debt payments under the senior credit facility. At September 30, 2021 we were, and currently, we are, in compliance with all such tests under the senior credit facility.

Lamar Media must maintain a secured debt ratio, defined as total consolidated secured debt of Lamar Advertising, Lamar Media and its restricted subsidiaries (including capital lease obligations), minus the lesser of (x) \$150.0 million and (y) the aggregate amount of unrestricted cash and cash equivalents of Lamar Advertising, Lamar Media and its restricted subsidiaries (other than the Special Purpose Subsidiaries (as defined above under *Sources of Cash – Accounts Receivable Securitization Program*)) to EBITDA, as defined below, for the period of four consecutive fiscal quarters then ended, of less than or equal to 4.5 to 1.0.

Lamar Media is restricted from incurring additional indebtedness subject to exceptions, one of which is that it may incur additional indebtedness not exceeding the greater of \$250.0 million or 6% of its total assets.

Lamar Media is also restricted from incurring additional unsecured senior indebtedness under certain circumstances unless, after giving effect to the incurrence of such indebtedness, Lamar Media would have a total debt ratio, defined as (a) total consolidated debt (including subordinated debt) of Lamar Advertising, Lamar Media and its restricted subsidiaries as of any date minus the lesser of (i) \$150.0 million and (ii) the aggregate amount of unrestricted cash and cash equivalents of Lamar Advertising, Lamar Media and its restricted subsidiaries (other than the Special Purpose Subsidiaries) to (b) EBITDA, as defined below, for the most recent four fiscal quarters then ended, is less than 7.0 to 1.0.

Lamar Media is also restricted from incurring additional subordinated indebtedness under certain circumstances unless, after giving effect to the incurrence of such indebtedness, it is in compliance with the secured debt ratio covenant and its total debt ratio is less than 7.0 to 1.0.

Under the senior credit facility, as amended, "EBITDA" means, for any period, net income, plus (a) to the extent deducted in determining net income for such period, the sum determined without duplication and in accordance with GAAP, of (i) taxes, (ii) interest expense, (iii) depreciation, (iv) amortization, (v) any other non-cash income or charges accrued for such period, (vi) charges and expenses in connection with the senior credit facility, any actual or proposed acquisition, disposition or investment (excluding, in each case, purchases and sales of advertising space and operating assets in the ordinary course of business) and any actual or proposed offering of securities, incurrence or repayment of indebtedness (or amendment to any agreement relating to indebtedness), including any refinancing thereof, or recapitalization, (vii) any loss or gain relating to amounts paid or earned in cash prior to the stated settlement date of any swap agreement that has been reflected in operating income for such period), and (viii) any loss on sales of receivables and related assets to a securitization entity in connection with a permitted securitization financing, plus (b) the amount of cost savings, operating expense reductions and other operating improvements or synergies projected by Lamar Media in good faith to be realized as a result of any acquisition, investment, merger, amalgamation or disposition within 18 months of any such acquisition, investment, merger, amalgamation or disposition, net of the amount of actual benefits realized during such period from such action; provided, (a) the aggregate amount for all such cost savings, operating expense reductions and other operating improvements or synergies will not exceed an amount equal to 15% of EBITDA for the applicable four quarter period and (b) any such adjustment to EBITDA pursuant to this clause (b) may only take into account cost savings, operating expense reductions and other operating improvements or synergies that are (I) directly attributable to such acquisition, investment, merger, amalgamation or disposition, (II) expected to have a continuing impact on Lamar Media and its restricted subsidiaries and (III) factually supportable, in each case all as

certified by the chief financial officer of Lamar Media) on behalf of Lamar Media, minus (c) to the extent included in net income for such period (determined without duplication and in accordance with GAAP) (i) any extraordinary and unusual gains or losses during such period, and (ii) the proceeds of any casualty events and dispositions. For purposes of this EBITDA definition, the effect thereon of any adjustments required under Statement of Financial Accounting Standards No. 141R will be excluded. If during any period for which EBITDA is being determined, we have consummated any acquisition or disposition, EBITDA will be determined on a pro forma basis as if such acquisition or disposition had been made or consummated on the first day of such period.

Under the senior credit facility, "net income" means for any period, the consolidated net income (or loss) of Lamar Advertising, us, and our restricted subsidiaries, determined on a consolidated basis in accordance with GAAP; provided that following is excluded from net income: the (a) the income (or deficit) of any person accrued prior to the date it becomes a restricted subsidiary or is merged into or consolidated with Lamar Advertising, us or any of our restricted subsidiaries, and (b) the income (or deficit) of any person (other than any of our restricted subsidiaries) in which Lamar Advertising, we or any of our subsidiaries has an ownership interest, except to the extent that any such income is received by Lamar Advertising, us or any of our restricted subsidiaries in the form of dividends or similar distributions.

The Company believes that its current level of cash on hand, availability under the senior credit facility and future cash flows from operations are sufficient to meet its operating needs for the next twelve months. All debt obligations are reflected on the Company's balance sheet.

*Restrictions under Accounts Receivable Securitization Program.* The agreements governing the Accounts Receivable Securitization Program contain customary representations and warranties, affirmative and negative covenants, and termination event provisions, including but not limited to those providing for the acceleration of amounts owed under the Accounts Receivable Securitization Program if, among other things, the Special Purpose Subsidiaries fail to make payments when due, Lamar Media, the Subsidiary Originators or the Special Purpose Subsidiaries become insolvent or subject to bankruptcy proceedings or certain judicial judgments, breach certain representations and warranties or covenants or default under other material indebtedness, a change of control occurs, or if Lamar Media fails to maintain the maximum secured debt ratio of 4.5 to 1.0 required under Lamar Media's senior credit facility.

#### **Uses of Cash**

*Capital Expenditures.* Capital expenditures, excluding acquisitions, were approximately \$71.5 million for the nine months ended September 30, 2021. We anticipate our 2021 total capital expenditures to be approximately \$120.0 million.

*Acquisitions.* During the nine months ended September 30, 2021, the Company completed acquisitions for an aggregate purchase price of approximately \$107.6 million, which were financed using available cash on hand and borrowings on the Accounts Receivable Securitization Program.

*Investments.* On July 12, 2021, Lamar acquired a minority stake in Vistar Media ("Vistar"), a leading global provider of programmatic technology for the digital out-of-home sector. Management believes that Lamar's investment of \$30.0 million will help Vistar strengthen its balance sheet, expand its research and development and extend its reach into new markets. Lamar received a seat on Vistar's Board of Directors.

*Note Redemption.* On February 3, 2021, the Company redeemed in full all \$650.0 million aggregate principal amount 5 3/4% Senior Notes due 2026. The 5 3/4% Senior Notes redemption was completed using the proceeds received from the 3 5/8% Senior Notes offering completed on January 22, 2021, together with cash on hand and borrowings under the revolving credit facility and Accounts Receivable Securitization Program. The notes were redeemed at a redemption price equal to 102.875% of the aggregate principal amount of the outstanding notes, plus accrued and unpaid interest to (but not including) the redemption date. During the nine months ended September 30, 2021, the Company recorded a loss on debt extinguishment of approximately \$21.6 million related to the note redemption. See *Sources of Cash- Note Offerings* for more information.

*Dividends.* On February 25, 2021, the Company's Board of Directors declared a quarterly cash dividend of \$0.75 per share, paid on March 31, 2021 to its stockholders of record of its Class A common stock and Class B common stock on March 22, 2021. On May 20, 2021, the Company's Board of Directors declared a quarterly cash dividend of \$0.75 per share, paid on June 30, 2021 to its stockholders of record of its Class A common stock and Class B common stock on June 21, 2021. On September 7, 2021, the Company's Board of Directors declared a quarterly cash dividend of \$1.00 per share, paid on September 30, 2021 to its stockholders of record of its Class A common stock and Class B common stock on September 20, 2021. Subject to approval of the Company's Board of Directors, the Company expects to declare a quarterly dividend of \$1.00 per share of common stock for the upcoming fourth quarter 2021 distributions to stockholders.

### **Critical Accounting Estimates**

Our discussion and analysis of our results of operations and liquidity and capital resources are based on our condensed consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. There have been no material changes to the critical accounting policies and estimates as previously disclosed in Item 7 of our 2020 Combined Form 10-K.

### **Accounting Standards Update**

In December 2019, the FASB issued ASU 2019-12, *Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes*, which simplifies the accounting for income taxes by removing specific exceptions to the general principles in Topic 740 - Income Taxes. This guidance is effective for years beginning after December 15, 2020. The Company adopted this guidance on January 1, 2021 and the impact of the adoption is not material to the Company's consolidated financial statements.

### **LAMAR MEDIA CORP.**

The following is a discussion of the consolidated financial condition and results of operations of Lamar Media for the three and nine months ended September 30, 2021 and 2020. This discussion should be read in conjunction with the consolidated financial statements of Lamar Media and the related notes thereto.

### **RESULTS OF OPERATIONS**

#### **Nine months ended September 30, 2021 compared to nine months ended September 30, 2020**

Net revenues increased \$152.5 million or 13.4% to \$1.29 billion for the nine months ended September 30, 2021 from \$1.14 billion for the same period in 2020. This increase was primarily attributable to an increase in billboard net revenues of \$153.7 million and an increase in transit net revenues of \$2.2 million, offset by a decrease in logo net revenues of \$3.4 million over the same period in 2020.

For the nine months ended September 30, 2021, there was a \$156.5 million increase in net revenues as compared to acquisition-adjusted net revenue for the nine months ended September 30, 2020, which represents an increase of 13.8%. See "Reconciliations" below. The \$156.5 million increase in revenue is primarily due to an increase of \$151.1 million in billboard net revenues as well as an increase in transit net revenues of \$5.1 million over the same period in 2020.

Total operating expenses, exclusive of depreciation and amortization and gain on disposition of assets, increased \$28.8 million, or 4.2%, to \$717.1 million for the nine months ended September 30, 2021 from \$688.4 million in the same period in 2020. The \$28.8 million increase over the prior year is comprised of a \$17.3 million increase in total direct, general and administrative and corporate expenses (excluding stock-based compensation) primarily related to the operations of our outdoor advertising assets, as well as an \$11.5 million increase in stock-based compensation.

Depreciation and amortization expense increased \$18.1 million to \$205.7 million for the nine months ended September 30, 2021 as compared to \$187.5 million for the same period in 2020. The increase is primarily due to the revision in the cost estimate included in the calculation of asset retirement obligations during the period.

For the nine months ended September 30, 2021, Lamar Media recognized a gain on disposition of assets of \$1.9 million, primarily resulting from transactions related to billboard locations and displays.

Due to the above factors, operating income increased by \$102.7 million to \$371.9 million for the nine months ended September 30, 2021 as compared to \$269.2 million for the same period in 2020.

Lamar Media recognized a loss on debt extinguishment of \$21.6 million for the nine months ended September 30, 2021, a \$3.6 million decrease over the same period in 2020. The loss on debt extinguishment during the nine months ended September 30, 2021 relates to the early repayment of our 5 3/4% Senior Notes during the period.

Interest expense decreased \$26.4 million for the nine months ended September 30, 2021 to \$80.6 million as compared to \$107.1 million for the nine months ended September 30, 2020. The decrease is primarily related to Lamar Media's debt transactions completed in 2020 and 2021, as well as a reduction in our senior credit facility interest rates.

Equity in earnings of investee was \$1.1 million for the nine months ended September 30, 2021 as a result of the investment in Vistar Media that occurred in July 2021. There was no equity in earnings of investee for the nine months ended September 30, 2020.

The increase in operating income, as well as the decrease in interest expense and the decrease in loss on extinguishment of debt, resulted in an \$133.8 million increase in net income before income taxes. The effective tax rate for the nine months ended September 30, 2021 was 2.2%, which differs from the federal statutory rate primarily due to our qualification for taxation as a REIT and adjustments for foreign items.

As a result of the above factors, Lamar Media recognized net income for the nine months ended September 30, 2021 of \$265.5 million, as compared to net income of \$135.0 million for the same period in 2020.

### Reconciliations:

Because acquisitions occurring after December 31, 2019 have contributed to our net revenue results for the periods presented, we provide 2020 acquisition-adjusted net revenue, which adjusts our 2020 net revenue for the nine months ended September 30, 2020 by adding to or subtracting from it the net revenue generated by the acquired or divested assets prior to our acquisition or divestiture of these assets for the same time frame that those assets were owned in the nine months ended September 30, 2021.

Reconciliations of 2020 reported net revenue to 2020 acquisition-adjusted net revenue for the nine months ended September 30, as well as a comparison of 2020 acquisition-adjusted net revenue to 2021 reported net revenue for the nine months ended September 30, are provided below:

FFO for the nine months ended September 30, 2021 increased from \$310.0 million in 2020 to \$460.5 million for the same period in 2021, an increase of 48.6%. AFFO for the nine months ended September 30, 2021 increased 42.2% to \$487.8 million as compared to \$343.1 million for the same period in 2020. The increase in AFFO was primarily attributable to an increase in our gross margin (net revenue less direct advertising expense, exclusive of depreciation and amortization and capitalized contract fulfillment costs, net) offset by an increase in total general and administrative and corporate expenses (excluding the effect of stock-based compensation expense).

**Three months ended September 30, 2021 compared to three months ended September 30, 2020**

Net revenues increased \$90.8 million or 23.5% to \$476.9 million for the three months ended September 30, 2021 from \$386.1 million for the same period in 2020. This increase was primarily attributable to an increase in billboard and transit net revenues of \$81.7 million and \$9.1 million, respectively, over the same period in 2020.

For the three months ended September 30, 2021, there was a \$90.0 million increase in net revenues as compared to acquisition-adjusted net revenue for the three months ended September 30, 2021, which represents an increase of 23.3%. See "Reconciliations" below. The \$90.0 million increase in revenue is primarily due to a \$80.5 million and \$9.7 million increase in billboard and transit net revenues, respectively.

Total operating expenses, exclusive of depreciation and amortization and gain on disposition of assets, increased \$39.0 million, or 17.7%, to \$259.1 million for the three months ended September 30, 2021 from \$220.2 million in the same period in 2020. The \$39.0 million increase over the prior year is comprised of a \$30.8 million increase in total direct, general and administrative and corporate expenses (excluding stock-based compensation) primarily related to the operations of our outdoor advertising assets, as well as a \$8.2 million increase in stock-based compensation.

Depreciation and amortization expense increased \$23.1 million to \$84.3 million for the three months ended September 30, 2021 as compared to \$61.2 million for the same period in 2020. The increase is primarily due to the revision in the cost estimate included in the calculation of asset retirement obligations during the period.

For the three months ended September 30, 2021, Lamar Media recognized a gain on disposition of assets of \$0.03 million, primarily resulting from transactions related to billboard locations.

Due to the above factors, operating income increased by \$27.5 million to \$133.5 million for the three months ended September 30, 2021 as compared to \$106.0 million for the same period in 2020.

Interest expense decreased \$8.9 million for the three months ended September 30, 2021 to \$26.1 million as compared to \$35.1 million for the three months ended September 30, 2020. The decrease is primarily related to Lamar Media's debt transactions completed in 2020 and 2021, as well as a reduction in our senior credit facility interest rates.

Equity in earnings of investee was \$1.1 million for the three months ended September 30, 2021 as a result of the investment in Vistar Media that occurred in July 2021. There was no equity in earnings of investee for the three months ended September 30, 2020.

The increase in operating income and decrease in interest expense resulted in a \$44.6 million increase in net income before income taxes. The effective tax rate for the three months ended September 30, 2021 was 1.6%, which differs from the federal statutory rate primarily due to our qualification for taxation as a REIT and adjustments for foreign items.

As a result of the above factors, Lamar Media recognized net income for the three months ended September 30, 2021 of \$107.0 million, as compared to net income of \$62.9 million for the same period in 2020.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

#### ***Lamar Advertising Company and Lamar Media Corp.***

Lamar Advertising is exposed to interest rate risk in connection with variable rate debt instruments issued by its wholly owned subsidiary Lamar Media. The information below summarizes the Company's interest rate risk associated with its principal variable rate debt instruments outstanding at September 30, 2021, and should be read in conjunction with Note 11 of the Notes to the Company's Condensed Consolidated Financial Statements.

Lamar Media has variable-rate debt outstanding under its senior credit facility and its Accounts Receivable Securitization Program. Because interest rates may increase or decrease at any time, the Company is exposed to market risk as a result of the impact that changes in interest rates may have on the applicable borrowings outstanding. Increases in the interest rates applicable to these borrowings would result in increased interest expense and a reduction in the Company's net income.

At September 30, 2021 there was approximately \$773.7 million of indebtedness outstanding under the senior credit facility and the Accounts Receivable Securitization Program, or approximately 26.9% of the Company's outstanding long-term debt on that date, bearing interest at variable rates. The aggregate interest expense for 2021 with respect to borrowings under the senior credit facility and the Accounts Receivable Securitization Program was \$9.8 million, and the weighted average interest rate applicable to these borrowings during 2021 was 1.4%. Assuming that the weighted average interest rate was 200 basis points higher (that is 3.4% rather than 1.4%), then the Company's 2021 interest expense would have increased by approximately \$11.2 million for the nine months ended September 30, 2021.

The Company attempts to mitigate the interest rate risk resulting from its variable interest rate long-term debt instruments by issuing fixed rate long-term debt instruments and maintaining a balance over time between the amount of the Company's variable rate and fixed rate indebtedness. In addition, the Company has the capability under the senior credit facility to fix the interest applicable to its borrowings at an amount equal to Adjusted LIBO Rate or Adjusted Base Rate plus the applicable margin for periods of up to twelve months (in certain cases with the consent of the lenders), which would allow the Company to mitigate the impact of short-term fluctuations in market interest rates. In the event of an increase in interest rates, the Company may take further actions to mitigate its exposure. The Company cannot guarantee, however, that the actions that it may take to mitigate this risk will be feasible or that, if these actions are taken, that they will be effective.

### **ITEM 4. CONTROLS AND PROCEDURES**

#### ***a) Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures.***

The Company's and Lamar Media's management, with the participation of the principal executive officer and principal financial officer of the Company and Lamar Media, have evaluated the effectiveness of the design and operation of the Company's and Lamar Media's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this quarterly report. Based on this evaluation, the principal executive officer and principal financial officer of the Company and Lamar Media concluded that these disclosure controls and procedures are effective and designed to ensure that the information required to be disclosed in the Company's and Lamar Media's reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the requisite time periods.

#### ***b) Changes in Internal Control Over Financial Reporting.***

There have been no changes in the internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) of the Company and Lamar Media identified in connection with the evaluation of the Company's and Lamar Media's internal control performed during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's and Lamar Media's internal control over financial reporting.
