The number o	of shares of Lamar Media Corp. common stock outstanding as of No	vember 1, 2005: 100		

This combined Form 10-Q is separately filed by (i) Lamar Advertising Company and (ii) Lamar Media Corp. (which is a wholly owned subsidiary of Lamar Advertising Company). Lamar Media Corp. meets the conditions set forth in general instruction H(1) (a) and (b) of Form 10-Q and is,

therefore, filing this form with the reduced disclosure format permitted by such instruction.

#### NOTE REGARDING FORWARD-LOOKING STATEMENTS

This combined Quarterly Report on Form 10-Q of Lamar Advertising Company (the "Company") and Lamar Media Corp. ("Lamar Media") contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These are statements that relate to future periods and include statements about the Company's and Lamar Media's:

- expected operating results;
- possible repurchases of Class A common stock under the Company's stock repurchase program;
- market opportunities;
- acquisition opportunities;
- ability to compete; and
- stock price.

Generally, the words anticipates, believes, expects, intends, estimates, projects, plans and similar expressions identify forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause the Company's and Lamar Media's actual results, performance or achievements or industry results to differ materially from any future results, performance or achievements expressed or implied by these forward-looking statements. These risks, uncertainties and other important factors include, among others:

- risks and uncertainties relating to the Company's significant indebtedness;
- the demand for outdoor advertising;
- the performance of the U.S. economy generally and the level of expenditures on outdoor advertising particularly;
- the Company's ability to renew expiring contracts at favorable rates;
- the integration of companies that the Company acquires and its ability to recognize cost savings or operating efficiencies as a result of these
  acquisitions;
- the Company's need for and ability to obtain additional funding for acquisitions or operations;
- the market price of the Company's Class A common stock;
- the nature of investment opportunities available to the Company from time to time; and
- the regulation of the outdoor advertising industry by federal, state and local governments.

For a further description of these and other risks and uncertainties, the Company encourages you to read carefully the portion of the combined Annual Report on Form 10-K for the year ended December 31, 2004 of the Company and Lamar Media (the "2004 Combined Form 10-K") under the caption "Factors Affecting Future Operating Results" in Item 7 — Management's Discussion and Analysis of Financial Condition and Results of Operations.

The forward-looking statements contained in this combined Quarterly Report on Form 10-Q speak only as of the date of this combined report. Lamar Advertising Company and Lamar Media Corp. expressly disclaim any obligation or undertaking to disseminate any updates or revisions to any forward-looking statement contained in this combined Quarterly Report to reflect any change in their expectations with regard thereto or any change in events, conditions or circumstances on which any forward-looking statement is based, except as may be required by law.

## LAMAR ADVERTISING COMPANY AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

(IN THOUSANDS, EXCEPT FOR SHARE AND PER SHARE DATA)

#### 1. Significant Accounting Policies

The information included in the foregoing interim condensed consolidated financial statements is unaudited. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the Company's financial position and results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year. These interim condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and the notes thereto included in the 2004 Combined Form 10-K.

#### 2. Acquisitions

During the nine months ended September 30, 2005, the Company completed several acquisitions of outdoor advertising assets for a total purchase price of approximately \$160,035, which consisted of the issuance of 1,026,413 shares of Lamar Advertising Class A common stock valued at \$43,314 and the payment of \$116,721 in cash.

Each of these acquisitions was accounted for under the purchase method of accounting, and, accordingly, the accompanying consolidated financial statements include the results of operations of each acquired entity from the date of acquisition. The acquisition costs have been allocated to assets acquired and liabilities assumed based on fair value at the dates of acquisition. The following is a summary of the preliminary allocation of the acquisition costs in the above transactions.

	Total
Current assets	\$ 8,781
Property, plant and equipment	45,367
Goodwill	28,089
Site locations	78,322
Non-competition agreements	1,238
Customer lists and contracts	13,747
Other assets	180
Current liabilities	(3,352)
Long term liabilities	(12,337)
	\$160,035

Summarized below are certain unaudited pro forma statements of operations data for the nine months ended September 30, 2005 and September 30, 2004 as if each of the above acquisitions and the acquisitions occurring in 2004, which were fully described in the 2004 Combined Form 10-K, had been consummated as of January 1, 2004. This pro forma information does not purport to represent what the Company's results of operations actually would have been had such transactions occurred on the date specified or to project the Company's results of operations for any future periods.

## LAMAR ADVERTISING COMPANY AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

(IN THOUSANDS, EXCEPT FOR SHARE AND PER SHARE DATA)

#### 4. Goodwill and Other Intangible Assets (continued)

The changes in the gross carrying amount of goodwill for the nine months ended September 30, 2005 are as follows:

Balance as of December 31, 2004	\$1,518,741
Goodwill acquired during the nine months ended September 30, 2005	28,089
Balance as of September 30, 2005	\$1,546,830

#### 5. Asset Retirement Obligations

The Company's asset retirement obligations include the costs associated with the removal of its structures, resurfacing of the land and retirement cost, if applicable, related to the Company's outdoor advertising portfolio. The following table reflects information related to our asset retirement obligations:

Balance at December 31, 2004	\$132,700
Additions to asset retirement obligations	3,073
Accretion expense	5,284
Liabilities settled	(5,641)
Balance at September 30, 2005	\$135,416

#### 6. Stock-Based Compensation

The Company accounts for its stock option plan under the intrinsic value method in accordance with the provisions of Accounting Principles Board (APB) Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation expense is recorded on the date of grant only if the current market price of the underlying stock exceeds the exercise price. SFAS No. 123, "Accounting for Stock-Based Compensation," and SFAS No. 148, "Accounting for Stock-Based Compensation — Transition and Disclosure an amendment of FASB Statement No. 123," permit entities to recognize as an expense over the vesting period, the fair value of all stock-based awards on the date of grant. Alternatively, SFAS No. 123 also allows entities to continue to apply the provisions of APB Opinion No. 25 and provide pro forma net income and pro forma earnings per share disclosures for employee stock option grants made in 1995 and future years as if the fair-value-based method defined in SFAS No. 123 has been applied.

The following table illustrates the effect on net income and net income per common share as if we had applied the fair value recognition provisions of SFAS No. 123 to stock-based employee compensation:

	Three months ended September 30,		Nine mon Septem	
	2005	2004	2005	2004

#### LAMAR ADVERTISING COMPANY AND **SUBSIDIARIES** NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

(IN THOUSANDS, EXCEPT SHARE AND PER SHARE DATA)

#### 7. Long Term Debt

On August 9, 2005, the Company's wholly owned subsidiary, Lamar Media Corp., issued \$400,000 6 5/8% Senior Subordinated Notes due 2015. The net proceeds from this issuance were used to reduce borrowings under Media's bank credit facility.

On September 30, 2005, Lamar Media Corp., replaced its bank credit facility. The new bank facility is comprised of a \$400,000 revolving bank credit facility and a \$400,000 term facility. The bank credit facility also includes a \$500,000 incremental facility, which permits Lamar Media to request that its lenders enter into a commitment to make additional term loans to it, up to a maximum aggregate amount of \$500,000. As a result of this refinancing, the Company recorded a loss on extinguishment of debt of \$3,982. As of September 30, 2005, there was \$525,000 outstanding under this facility.

#### 8. Recent Accounting Pronouncements

In December of 2004, the FASB issued SFAS No. 123R, "Share-Based Payment," which replaces the requirements under SFAS No. 123 and APB No. 25. The statement sets accounting requirements for "share-based" compensation to employees, including employee stock purchase plans, and requires all sharebased payments, including employee stock options, to be recognized in the financial statements based on their fair value. The pro forma disclosure previously permitted under SFAS No. 123 no longer will be an alternative to financial statement recognition. It carries forward prior guidance on accounting for awards to non-employees. The accounting for employee stock ownership plan transactions will continue to be accounted for in accordance with Statement of Position (SOP) 93-6, while awards to most non-employee directors will be accounted for as employee awards. The Company intends to adopt SFAS No. 123R effective January 1, 2006. The Company has not yet determined the effect the new Statement will have on its condensed consolidated financial statements as the Company has not completed its analysis; however, the Company expects the adoption of this Statement to result in a reduction of net income that may be material.

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections — a replacement of APB Opinion No. 20 and FASB Statement No. 3." The statement changes the requirements for the accounting for and reporting of a change in accounting principle. This Statement applies to all voluntary changes in accounting principle. This Statement requires retrospective application to prior periods' financial statements for changes in accounting principle, unless it is impractical to determine either the period-specific effects or the cumulative effect of the change. When it is impractical to determine the period-specific effect of an accounting change on one or more individual prior periods presented, this Statement requires that the new accounting principle be applied to the balances of assets and liabilities as of the beginning of the earliest period for which retrospective application is practical and that a corresponding adjustment be made to the opening balance of retained earnings for that period rather than being reported as a component of income. When it is impractical to determine the cumulative effect of applying a change in accounting principle to all prior periods, this Statement requires that the new accounting principle be applied as if it were adopted prospectively from the earliest date practical. This Statement is effective for business enterprises and notfor-profit organizations for accounting changes and corrections of errors made in fiscal years beginning after December 31, 2005.

#### 9. Summarized Financial Information of Subsidiaries

Separate financial statements of each of the Company's direct or indirect wholly owned subsidiaries that have guaranteed Lamar Media's obligations with respect to its publicly issued notes (collectively, the "Guarantors") are not included herein because the Company has no independent assets or operations, the guarantees are full and unconditional and joint and several and the only subsidiary that is not a guarantor is considered to be minor. Lamar Media's ability to make distributions to Lamar Advertising is restricted under the terms of its bank credit facility and the indentures relating to Lamar Media's outstanding notes. As of September 30, 2005 and December 31, 2004, the net assets restricted as to transfers from Lamar Media Corp. to Lamar Advertising Company in the form of cash dividends, loans or advances were \$758,559 and \$1,943,280, respectively.

#### 10. Earnings Per Share

Earnings per share are computed in accordance with SFAS No. 128, "Earnings Per Share." Basic earnings per share are computed by dividing income available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflect the potential dilution that could occur if the Company's convertible debt, options and warrants were converted to common stock. The number of potentially dilutive shares excluded from the calculation because of their antidilutive effect is 5,581,755 for the three months ended September 30, 2005 and 2004 and for the nine months ended September 30, 2005 and 2004.

# LAMAR MEDIA CORP. AND SUBSIDIARIES NOTE TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (IN THOUSANDS, EXCEPT FOR SHARE DATA)

#### 1. Significant Accounting Policies

The information included in the foregoing interim condensed consolidated financial statements is unaudited. In the opinion of management all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of Lamar Media's financial position and results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year. These interim condensed consolidated financial statements should be read in conjunction with Lamar Media's consolidated financial statements and the notes thereto included in the 2004 Combined Form 10-K.

Certain notes are not provided for the accompanying condensed consolidated financial statements as the information in notes 2, 3, 4, 5, 7, and 8 to the condensed consolidated financial statements of Lamar Advertising Company included elsewhere in this report is substantially equivalent to that required for the condensed consolidated financial statements of Lamar Media Corp. Earnings per share data is not provided for Lamar Media Corp., as it is a wholly owned subsidiary of Lamar Advertising Company.

#### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This discussion contains forward-looking statements. Actual results could differ materially from those anticipated by the forward-looking statements due to risks and uncertainties described in the section of this combined report on Form 10-Q entitled "Note Regarding Forward—Looking Statements" and in the 2004 Combined Form 10-K under the caption "Factors Affecting Future Operating Results." You should carefully consider each of these risks and uncertainties in evaluating the Company's and Lamar Media's financial conditions and results of operations. Investors are cautioned not to place undue reliance on the forward-looking statements contained in this document. These statements speak only as of the date of this document, and the Company undertakes no obligation to update or revise the statements, except as may be required by law.

#### Lamar Advertising Company

The following is a discussion of the consolidated financial condition and results of operations of the Company for the nine months and three months ended September 30, 2005 and 2004. This discussion should be read in conjunction with the consolidated financial statements of the Company and the related notes.

#### **OVERVIEW**

The Company's net revenues, which represent gross revenues less commissions paid for the use of advertising displays on behalf of advertisers, are derived primarily from the sale of advertising on outdoor advertising displays owned and operated by the Company. The Company relies on sales of advertising space for its revenues, and its operating results are therefore affected by general economic conditions, as well as trends in the advertising industry. Advertising spending is particularly sensitive to changes in general economic conditions.

Since December 31, 2001, the Company has increased the number of outdoor advertising displays it operates by approximately \$6% by completing over 290 strategic acquisitions of outdoor advertising and transit assets for an aggregate purchase price of approximately \$677 million, which included the issuance of 4,050,958 shares of Lamar Advertising Company Class A common stock valued at the time of issuance at approximately \$152.5 million and warrants valued at the time of issuance of approximately \$1.8 million. The Company has financed its recent acquisitions and intends to finance its future acquisition activity from available cash, borrowings under its new bank credit agreement, and the issuance of Class A common stock. See "Liquidity and Capital Resources" below. As a result of acquisitions, the operating performances of individual markets and of the Company as a whole are not necessarily comparable on a year-to-year basis. With the exception of the new markets acquired as a result of the acquisition of Obie Media Corporation on January 18, 2005 ("the Obie markets"), substantially all of the acquisitions completed during the nine months ended September 30, 2005 were in existing markets. The Obie markets are comprised primarily of transit assets and represent new markets for the Company. Although none of these acquisitions have caused material integration issues, additional time and resources are required to integrate new markets successfully into the Company's business. The Company expects to continue to pursue acquisitions that complement the Company's business.

Growth of the Company's business requires expenditures for maintenance and capitalized costs associated with new billboard displays, logo sign and transit contracts, and the purchase of real estate and operating equipment. The following table presents a breakdown of capitalized expenditures for the three months and nine months ended September 30, 2005 and 2004:

	Three months ended September 30, (in thousands)		Nine months ended September 30, (in thousands)	
	2005	2004	2005	2004
Billboard	\$ 16,738	\$ 16,540	\$ 51,694	\$ 40,725
Logos	1,525	2,496	4,332	3,648
Transit	262	234	724	1,009
Land and buildings	3,909	2,183	11,239	7,948
Other property, plant and equipment	2,421	1,447	7,892	4,645
Total capital expenditures	\$ 24,855	\$ 22,900	\$ 75,881	\$ 57,975

#### RESULTS OF OPERATIONS

#### Nine Months ended September 30, 2005 compared to Nine Months ended September 30, 2004

Net revenues increased \$103.7 million or 15.7% to \$763.2 million for the nine months ended September 30, 2005 from \$659.5 million for the same period in 2004. This increase was attributable primarily to an increase in billboard net revenues of \$67.6 million or 10.9% over the prior period, a \$3.3 million increase in logo sign revenue, which represents an increase of 10.8% over the prior period, and a \$32.4 million increase in transit revenue over the prior period, primarily due to the Obie acquisition.

The increase in billboard net revenue of \$67.6 million was generated by acquisition activity of approximately \$25.3 million and internal growth of approximately \$42.3 million, while the increase in logo sign revenue of \$3.3 million was generated by internal growth across various markets within the logo sign programs of approximately \$3.7 million, which was offset by the loss of \$0.4 million of revenue due to the expiration of the Company's South Carolina logo contract. The increase in transit revenue of approximately \$32.4 million was due to internal growth of approximately \$5.5 million and acquisition activity that resulted primarily from the Obie acquisition of \$26.9 million.

Net revenues (excluding revenues from the Obie markets) for the nine months ended September 30, 2005, as compared to acquisition-adjusted net revenue for the nine months ended September 30, 2004, increased \$44.9 million or 6.6% as a result of net revenue internal growth. See "Reconciliations" below.

Operating expenses, exclusive of depreciation and amortization and gain (loss) on sale of assets, increased \$55.7 million or 15.3% to \$418.6 million for the nine months ended September 30, 2005 from \$362.9 million for the same period in 2004. There was a \$50.5 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating the Company's core assets and a \$5.2 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to expanded efforts in the Company's business development and national sales department.

Depreciation and amortization expense remained relatively constant for the nine months ended September 30, 2005 as compared to the nine months ended September 30, 2004.

Due to the above factors, operating income increased \$54.6 million to \$131.7 million for nine months ended September 30, 2005 compared to \$77.1 million for the same period in 2004.

On September 30, 2005, the Company's wholly owned subsidiary, Lamar Media Corp., refinanced its bank credit facility. The new bank credit facility is comprised of a \$400.0 million revolving bank credit facility and a \$400.0 million term facility. The bank credit facility also includes a \$500.0 million incremental facility, which permits Lamar Media to request that its lenders enter into commitments to make additional term loans to it, up to a maximum aggregate amount of \$500.0 million. The lenders have no obligation to make additional loans under the incremental facility. As a result of this refinancing, the Company recorded a loss on extinguishment of debt of \$4.0 million.

Interest expense increased \$10.7 million from \$56.2 million for the nine months ended September 30, 2004 to \$66.9 million for the nine months ended September 30, 2005 due to an increase in interest rates.

The increase in operating income offset by the increase in interest expense described above resulted in a \$40.9 million increase in income before income taxes. This increase in income resulted in an increase in the income tax expense of \$17.3 million for the nine months ended September 30, 2005 over the same period in 2004. The effective tax rate for the nine months ended September 30, 2005 was 42.1%, which is greater than the statutory rates due to permanent differences resulting from non-deductible expenses.

As a result of the above factors, the Company recognized net income for the nine months ended September 30, 2005 of \$35.9 million, as compared to net income of \$12.3 million for the same period in 2004.

#### Three Months ended September 30, 2005 compared to Three Months ended September 30, 2004

Net revenues increased \$34.0 million or 14.7% to \$265.6 million for the three months ended September 30, 2005 from \$231.6 million for the same period in 2004. This increase was attributable primarily to an increase in billboard net revenues of \$20.1 million or 9.2% over the prior period, a \$1.1 million increase in logo sign revenue, which represents an increase of 10.3% over the prior period, and a \$12.8 million increase in transit revenue over the prior period, primarily due to the Obie acquisition.

The increase in billboard net revenue of \$20.1 million was generated by acquisition activity of approximately \$8.0 million and internal growth of approximately \$12.1 million, while the increase in logo sign revenue of \$1.1 million was generated by internal growth across various markets within the logo sign programs of approximately \$1.5 million offset by the loss of approximately \$0.4 million of revenue due to the expiration of the Company's South Carolina logo contract. The increase in transit revenue of approximately \$12.8 million was due to internal growth of approximately \$2.4 million and acquisition activity that resulted primarily from the Obie acquisition of \$10.4 million.

Net revenues (excluding revenues from the Obie markets) for the three months ended September 30, 2005, as compared to acquisition-adjusted net revenue for the three months ended September 30, 2004, increased \$14.2 million or 5.9% as a result of net revenue internal

growth. See "Reconciliations" below.

Operating expenses, exclusive of depreciation and amortization and gain (loss) on sale of assets, increased \$19.1 million or 15.4% to \$142.8 million for the three months ended September 30, 2005 from \$123.7 million for the same period in 2004. There was a \$17.8 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating the Company's core assets and a \$1.3 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to expanded efforts in the Company's business development and national sales department.

Depreciation and amortization expense remained relatively constant for the three months ended September 30, 2005 as compared to the three months ended September 30, 2004.

Due to the above factors, operating income increased \$15.5 million to \$48.7 million for three months ended September 30, 2005 compared to \$33.2 million for the same period in 2004.

On September 30, 2005, the Company's wholly owned subsidiary, Lamar Media Corp., refinanced its bank credit facility. The new bank credit facility is comprised of a \$400.0 million revolving bank credit facility and a \$400.0 million term facility. The bank credit facility also includes a \$500.0 million incremental facility, which permits Lamar Media to request that its lenders enter into commitments to make additional term loans to it, up to a maximum aggregate amount of \$500.0 million. The lenders have no obligation to make additional loans under the incremental facility. As a result of this refinancing, the Company recorded a loss on extinguishment of debt of \$4.0 million.

Interest expense increased \$5.1 million from \$19.2 million for the three months ended September 30, 2004 to \$24.3 million for the three months ended September 30, 2005 due to an increase in interest rates.

The increase in operating income offset by the increase in interest expense described above resulted in a \$6.7 million increase in income before income taxes. This increase in income resulted in an increase in the income tax expense of \$2.9 million for the three months ended September 30, 2005 over the same period in 2004. The effective tax rate for the three months ended September 30, 2005 was 42.0%, which is greater than the statutory rates due to permanent differences resulting from non-deductible expenses.

As a result of the above factors, the Company recognized net income for the three months ended September 30, 2005 of \$12.1 million, as compared to net income of \$8.3 million for the same period in 2004.

#### **Reconciliations:**

Because acquisitions occurring after December 31, 2003 (the "Acquired Assets") have contributed to our net revenue results for the periods presented, we provide 2004 acquisition-adjusted net revenue, which adjusts our 2004 net revenue for the three and nine months ended September 30, 2004 by adding to it the net revenue generated by the Acquired Assets (excluding assets acquired in the Obie markets) prior to our acquisition of them for the same time frame that those assets were owned in the three and nine months ended September 30, 2005. We provide this information as a supplement to net revenues to enable investors to compare periods in 2005 and 2004 on a more consistent basis without the effects of acquisitions. Management uses this comparison to assess how well we are performing within our existing assets. The Company's management has excluded revenues from the Obie markets in the 2005 periods and no adjustment has been made to the 2004 periods with respect to the Obie markets because of operational issues that are unique to the assets in the Obie markets, which are comprised primarily of transit assets. Management intends to exclude revenues from the Obie markets in this manner until the Company has owned and operated these assets for twelve months.

Acquisition-adjusted net revenue is not determined in accordance with generally accepted accounting principles (GAAP). For this adjustment, we measure the amount of pre-acquisition revenue generated by the assets (excluding the Obie markets) during the period in 2004 that corresponds with the actual period we have owned the assets in 2005 (to the extent within the period to which this report relates). We refer to this adjustment as "acquisition net revenue, excluding the Obie markets." Net revenue (excluding revenues from the Obie markets) is also not determined in accordance with GAAP and excludes the revenue generated by the assets in the Obie markets from the Company's reported net revenue during the 2005 period.

Reconciliations of 2004 reported net revenue to 2004 acquisition-adjusted net revenue and 2005 reported net revenue to 2005 net revenue (excluding revenues from the Obie markets) for each of the three and nine month periods ended September 30, as well as a comparison of 2004 acquisition-adjusted net revenue to 2005 net revenue (excluding revenues from the Obie markets) for each of the three and nine month periods ended September 30, are provided below:

#### LIQUIDITY AND CAPITAL RESOURCES

#### Overview

The Company has historically satisfied its working capital requirements with cash from operations and borrowings under its bank credit facility. The Company's wholly owned subsidiary, Lamar Media Corp., is the borrower under the bank credit facility and maintains all corporate cash balances. Any cash requirements of the Company, therefore, must be funded by distributions from Lamar Media. The Company's acquisitions have been financed primarily with funds borrowed under the bank credit facility and issuance of its Class A common stock and debt securities. If an acquisition is made by one of the Company's subsidiaries using the Company's Class A common stock, a permanent contribution of additional paid-in-capital of Class A common stock is distributed to that subsidiary.

#### Sources of Cash

*Total Liquidity at September 30, 2005.* As of September 30, 2005 we had approximately \$283.5 million of total liquidity, which is comprised of approximately \$18.9 million in cash and cash equivalents and the ability to draw approximately \$264.6 million under our revolving bank credit facility.

Cash Generated by Operations. For the nine months ended September 30, 2005 and 2004 our cash provided by operating activities was \$222.3 million and \$209.5 million, respectively. While our net income was approximately \$35.9 million for the nine months ended September 30, 2005, we generated cash from operating activities of \$222.3 million during that same period, primarily due to adjustments needed to reconcile net income to cash provided by operating activities, which primarily consisted of depreciation and amortization of \$215.8 million. In addition, there was an increase in working capital of \$61.7 million. We expect to generate cash flows from operations during 2005 in excess of our cash needs for operations and capital expenditures as described herein. We expect to use the excess cash generated principally for acquisitions and to fund repurchases of Class A common stock. See "— Cash Flows" for more information.

*Proceeds from the Sale of Debt.* On August 16, 2005, Lamar Media Corp. issued \$400.0 million 6 5/8% Senior Subordinated Notes due 2015. The net proceeds from this issuance were used to reduce borrowings under Lamar Media's bank credit facility.

Credit Facilities. As of September 30, 2005, Lamar Media had approximately \$264.6 million of unused capacity under the revolving credit facility included in its new bank credit facility. The bank credit facility was refinanced on September 30, 2005 and is comprised of a \$400.0 million revolving bank credit facility and a \$400.0 million term facility. The bank credit facility also includes a \$500.0 million incremental facility, which permits Lamar Media to request that its lenders enter into commitments to make additional term loans, up to a maximum aggregate amount of \$500.0 million. The lenders have no obligation to make additional term loans to Lamar Media under the incremental facility, but may enter into such commitments in their sole discretion. This refinancing resulted in a loss on debt extinguishment of \$4.0 million.

#### Factors Affecting Sources of Liquidity

*Internally Generated Funds.* The key factors affecting internally generated cash flow are general economic conditions, specific economic conditions in the markets where the Company conducts its business and overall spending on advertising by advertisers.

Restrictions Under Credit Facilities and Other Debt Securities. Currently Lamar Media has outstanding approximately \$385.0 million

7 1/4% Senior Subordinated Notes due 2013 issued in December 2002 and June 2003 and \$400.0 million 6 5/8% Senior Subordinated Notes due 2015 issued August 2005. The indentures relating to Lamar Media's outstanding notes restrict its ability to incur indebtedness other than:

- up to \$1.3 billion of indebtedness under its bank credit facility;
- currently outstanding indebtedness or debt incurred to refinance outstanding debt;
- inter-company debt between Lamar Media and its subsidiaries or between subsidiaries;
- certain purchase money indebtedness and capitalized lease obligations to acquire or lease property in the ordinary course of business that cannot exceed the greater of \$20 million or 5% of Lamar Media's net tangible assets; and
- additional debt not to exceed \$40 million.

Lamar Media is required to comply with certain covenants and restrictions under its bank credit agreement. If Lamar Media fails to comply with these tests, its obligations under the bank credit agreement may be accelerated. At September 30, 2005 and currently, Lamar Media is in compliance with all such tests.

Lamar Media cannot exceed the following financial ratios under its bank credit facility:

- a total debt ratio, defined as total consolidated debt to EBITDA, as defined below, for the most recent four fiscal quarters, of 6.00 to 1 through September 30, 2007 and 5.75 to 1 from October 1, 2007 and after; and
- a senior debt ratio, defined as total consolidated senior debt to EBITDA, as defined below, for the most recent four fiscal quarters, of 3.25 to 1.

In addition, the bank credit facility requires that Lamar Media must maintain the following financial ratios:

- an interest coverage ratio, defined as EBITDA, as defined below, for the most recent four fiscal quarters to total consolidated accrued interest expense for that period, of greater than 2.25 to 1; and
- a fixed charges coverage ratio, defined as EBITDA, as defined below, for the most recent four fiscal quarters to the sum of (1) the total payments of principal and interest on debt for such period, plus (2) capital expenditures made during such period, plus (3) income and franchise tax payments made during such period, plus (4) dividends, of greater than 1.05 to 1.

As defined under Lamar Media's bank credit facility, EBITDA is, for any period, operating income for Lamar Media and its restricted subsidiaries (determined on a consolidated basis without duplication in accordance with GAAP) for such period (calculated before taxes, interest expense, interest in respect of mirror loan indebtedness, depreciation, amortization and any other non-cash income or charges accrued for such period and (except to the extent received or paid in cash by Lamar Media or any of its restricted subsidiaries) income or loss attributable to equity in affiliates for such period) excluding any extraordinary and unusual gains or losses during such period and excluding the proceeds of any casualty events whereby insurance or other proceeds are received and certain dispositions not in the ordinary course. Any restricted payment made by Lamar Media or any of its restricted subsidiaries to the Company during any period to enable the Company to pay certain qualified expenses on behalf of Lamar Media and its subsidiaries shall be treated as operating expenses of Lamar Media for the purposes of calculating EBITDA for such period. EBITDA under the bank credit agreement is also adjusted to reflect certain acquisitions or dispositions as if such acquisitions or dispositions were made on the first day of such period if and to the extent such operating expenses would be deducted in the calculation of EBTIDA if funded directly by Lamar Media or any restricted subsidiary.

The Company believes that its current level of cash on hand, availability under its bank credit agreement and future cash flows from operations are sufficient to meet its operating needs through the year 2006. All debt obligations are reflected on the Company's balance sheet.

#### Uses of Cash

*Capital Expenditures*. Capital expenditures excluding acquisitions were approximately \$75.9 million for the nine months ended September 30, 2005. Due to additional capital outlay caused by hurricanes Katrina and Rita, we anticipate our 2005 total capital expenditures for construction and improvements to increase to approximately \$100.0 million.

Acquisitions. During the nine months ended September 30, 2005, the Company financed its acquisition activity of approximately \$160.0 million with borrowings under Lamar Media's revolving credit facility and cash on hand totaling \$116.7 million as well as the issuance of the Company's Class A common stock valued at the time of issuance at approximately \$43.3 million. In 2005, we expect to spend approximately \$175.0 million on acquisitions, which we may finance through borrowings, cash on hand, the issuance of Class A common stock, or some combination of the foregoing, depending on market conditions. We plan on continuing to invest in both capital expenditures and acquisitions that can provide high returns in light of existing market conditions.

Debt Service and Contractual Obligations. As of September 30, 2005, we had outstanding debt of approximately \$1.6 billion. For the year ending December 31, 2005 we are obligated to make a total of approximately \$147.0 million in interest and principal payments on outstanding debt. Lamar Media had principal reduction obligations and revolver commitment reductions under its bank credit agreement prior to its replacement on September 30, 2005, which are detailed in Note 8 to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2004.

Stock Repurchase Program. In November 2005, the Company announced that its Board of Directors authorized the repurchase of up to \$250.0 million of the Company's Class A common stock from time to time over a period not to exceed 18 months. The share repurchases may be made on the open market or in privately negotiated transactions. The timing and amount of any shares repurchased will be determined by the Company's management based on its evaluation of market conditions and other factors. The repurchase program may be suspended or discontinued at any time. The Company intends to fund the repurchase program using working capital, availability under its revolving credit facility and future cash flows.

#### Cash Flows

The Company's cash flows provided by operating activities increased by \$12.8 million for the nine months ended September 30, 2005 due primarily to an increase in net income of \$23.5 million as described above in Results of Operations and an increase in adjustments to reconcile net income to cash provided by operating activities of \$12.1 million, which primarily consists of an increase in deferred income tax expense of \$15.2 million, and an increase in loss on debt extinguishment of \$4.0 million, offset by an increase in loss (gain) on disposition of assets of \$4.6 million and a decrease in depreciation and amortization of \$2.1 million. In addition, as compared to the same period in 2004, there were increases in the change in receivables of \$23.1 million.

Cash flows used in investing activities increased \$13.8 million from \$181.1 million for the nine months ended September 30, 2004 to \$194.9 million for the nine months ended September 30, 2005, primarily due to an increase in capital expenditures of \$17.9 million.

Cash flows used in financing activities was \$52.7 million for the nine months ended September 30, 2005 primarily due to \$60.6 million in net debt reduction primarily resulting from the bank credit facility refinancing discussed above, offset by \$12.1 million in net proceeds from issuance of common stock.

#### RECENT ACCOUNTING PRONOUNCEMENTS

In December of 2004, the FASB issued SFAS No. 123R, "Share-Based Payment," which replaces the requirements under SFAS No. 123 and APB No. 25. The statement sets accounting requirements for "share-based" compensation to employees, including employee stock purchase plans, and requires all share-based payments, including employee stock options, to be recognized in the financial statements based on their fair value. It carries forward prior guidance on accounting for awards to non-employees. The accounting for employee stock ownership plan transactions will continue to be accounted for in accordance with Statement of Position (SOP) 93-6, while awards to most non-employee directors will be accounted for as employee awards. The Company intends to adopt SFAS No. 123R effective January 1, 2006. The Company has not yet determined the effect the new Statement will have on its condensed consolidated financial statements as the Company has not completed its analysis; however, the Company expects the adoption of this Statement to result in a reduction of net income that may be material.

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections — a replacement of APB Opinion No. 20 and FASB Statement No. 3." The statement changes the requirements for the accounting for and reporting of a change in accounting principle. This Statement applies to all voluntary changes in accounting principle. This Statement requires retrospective application to prior periods' financial statements for changes in accounting principle, unless it is impractical to determine either the period-specific effects or the cumulative effect of the change. When it is impractical to determine the period-specific effect of an accounting change on one or more individual prior periods presented, this Statement requires that the new accounting principle be applied to the balances of assets and liabilities as of the beginning of the earliest period for which retrospective application is practical and that a corresponding adjustment be made to the opening balance of retained earnings for that period rather than being reported as a component of income. When it is impractical to determine the cumulative effect of applying a change in accounting principle to all prior periods, this Statement requires that the new accounting principle be applied as if it were adopted prospectively from the earliest date practical. This Statement is effective for business enterprises and not-for-profit organizations for accounting changes and corrections of errors made in fiscal years beginning after December 31, 2005.

#### Lamar Media Corp.

The following is a discussion of the consolidated financial condition and results of operations of Lamar Media for the nine and three months ended September 30, 2005 and 2004. This discussion should be read in conjunction with the consolidated financial statements of Lamar Media and the related notes.

#### Nine Months ended September 30, 2005 compared to Nine Months ended September 30, 2004

Net revenues increased \$103.7 million or 15.7% to \$763.2 million for the nine months ended September 30, 2005 from \$659.5 million for the same period in 2004. This increase was attributable primarily to an increase in billboard net revenues of \$67.6 million or 10.9% over the prior period, a \$3.3 million increase in logo sign revenue, which represents an increase of 10.8% over the prior period, and a \$32.4 million increase in transit revenue over the prior period, primarily due to the Obie acquisition.

The increase in billboard net revenue of \$67.6 million was generated by acquisition activity of approximately \$25.3 million and internal growth of approximately \$42.3 million, while the increase in logo sign revenue of \$3.3 million was generated by internal growth across various markets within the logo sign programs of approximately \$3.7 million, which was offset by the loss of \$0.4 million in revenue due to the expiration of the Company's South Carolina logo contract. The increase in transit revenue of approximately \$32.4 million was due to internal growth of approximately \$5.5 million and acquisition activity that resulted primarily from the Obie acquisition of \$26.9 million.

Net revenues (excluding revenues from the Obie markets) for the nine months ended September 30, 2005, as compared to acquisition-adjusted net revenue for the nine months ended September 30, 2004, increased \$44.9 million or 6.6% as a result of net revenue internal growth. See "Reconciliations" below.

Operating expenses, exclusive of depreciation and amortization and gain (loss) on sale of assets, increased \$55.5 million or 15.3% to \$418.2 million for the nine months ended September 30, 2005 from \$362.7 million for the same period in 2004. There was a \$50.4 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating Lamar Media's core assets and a \$5.1 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to expanded efforts in Lamar Media's business development and national sales department.

Depreciation and amortization expense remained relatively constant for the nine months ended September 30, 2005 as compared to the nine months ended September 30, 2004.

Due to the above factors, operating income increased \$54.8 million to \$132.1 million for nine months ended September 30, 2005 compared to \$77.3 million for the same period in 2004.

On September 30, 2005, Lamar Media Corp., refinanced its bank credit facility. The new bank credit facility is comprised of a \$400.0 million revolving bank credit facility and a \$400.0 million term facility. The bank credit facility also includes a \$500.0 million incremental facility, which permits Lamar Media to request that its lenders enter into commitments to make additional term loans to it, up to a maximum aggregate amount of \$500.0 million. The lenders have no obligation to make additional loans under the incremental facility. As a result of this refinancing, Lamar Media recorded a loss on extinguishment of debt of \$4.0 million.

Interest expense increased \$10.8 million from \$47.8 million for the nine months ended September 30, 2004 to \$58.6 million for the nine months ended September 30, 2005 due to an increase in interest rates.

The increase in operating income offset by the increase in interest expense described above resulted in a \$40.9 million increase in income before income taxes. This increase in income resulted in an increase in the income tax expense of \$17.0 million for the nine months ended September 30, 2005 over the same period in 2004. The effective tax rate for the nine months ended September 30, 2005 was 41.3%, which is greater than the statutory rates due to permanent differences resulting from non-deductible expenses.

As a result of the above factors, Lamar Media recognized net income for the nine months ended September 30, 2005 of \$41.5 million, as compared to net income of \$17.6 million for the same period in 2004.

#### Three Months ended September 30, 2005 compared to Three Months ended September 30, 2004

Net revenues increased \$34.0 million or 14.7% to \$265.6 million for the three months ended September 30, 2005 from \$231.6 million for the same period in 2004. This increase was attributable primarily to an increase in billboard net revenues of \$20.1 million or 9.2% over the prior period, a \$1.1 million increase in logo sign revenue, which represents an increase of 10.3% over the prior period, and a \$12.8 million increase in transit revenue over the prior period, primarily due to the Obie acquisition.

The increase in billboard net revenue of \$20.1 million was generated by acquisition activity of approximately \$8.0 million and internal growth of approximately \$12.1 million, while the increase in logo sign revenue of \$1.1 million was generated by internal growth across various markets within the logo sign programs of approximately \$1.5 million offset by the loss of approximately \$0.4 million of revenue due to the expiration of the Company's South Carolina logo contract. The increase in transit revenue of approximately \$12.8 million was due to internal growth of approximately \$2.4 million and acquisition activity that resulted primarily from the Obie acquisition of \$10.4 million.

Net revenues (excluding revenues from the Obie markets) for the three months ended September 30, 2005, as compared to acquisition-adjusted net revenue for the three months ended September 30, 2004, increased \$14.2 million or 5.9% as a result of net revenue internal growth. See "Reconciliations" below.

Operating expenses, exclusive of depreciation and amortization and gain (loss) on sale of assets, increased \$19.1 million or 15.5% to \$142.7 million for the three months ended September 30, 2005 from \$123.6 million for the same period in 2004. There was a \$17.8 million increase as a result of additional operating expenses related to the operations of acquired outdoor advertising assets and increases in costs in operating the Company's core assets and a \$1.3 million increase in corporate expenses. The increase in corporate expenses is primarily related to additional expenses related to expanded efforts in the Company's business development and national sales department.

Depreciation and amortization expense remained relatively constant for the three months ended September 30, 2005 as compared to the three months ended September 30, 2004.

Due to the above factors, operating income increased \$15.5 million to \$48.8 million for three months ended September 30, 2005 compared to \$33.3 million for the same period in 2004.

On September 30, 2005, Lamar Media Corp., refinanced its bank credit facility. The new bank credit facility is comprised of a \$400.0 million revolving bank credit facility and a \$400.0 million term facility. The bank credit facility also includes a \$500.0 million incremental facility, which permits Lamar Media to request that its lenders enter into commitments to make additional term loans to it, up to a maximum aggregate amount of \$500.0 million. The lenders have no obligation to make additional loans under the incremental facility. As a result of this refinancing, Media recorded a loss on extinguishment of debt of \$4.0 million.

Interest expense increased \$5.1 million from \$16.4 million for the three months ended September 30, 2004 to \$21.5 million for the three months ended September 30, 2005 due to an increase in interest rates.

The increase in operating income offset by the increase in interest expense described above resulted in a \$6.6 million increase in income before income taxes. This increase in income resulted in an increase in the income tax expense of \$2.9 million for the three months ended September 30, 2005 over the same period in 2004. The effective tax rate for the three months ended September 30, 2005 was 41.2%, which is greater than the statutory rates due to permanent differences resulting from non-deductible expenses.

As a result of the above factors, Lamar Media recognized net income for the three months ended September 30, 2005 of \$13.9 million, as compared to net income of \$10.2 million for the same period in 2004.

#### **Reconciliations:**

Because acquisitions occurring after December 31, 2003 (the "Acquired Assets") have contributed to our net revenue results for the periods presented, we provide 2004 acquisition-adjusted net revenue, which adjusts our 2004 net revenue for the three and nine months ended September 30, 2004 by adding to it the net revenue generated by the Acquired Assets (excluding assets acquired in the Obie markets) prior to our acquisition of them for the same time frame that those assets were owned in the three and nine months ended September 30, 2005. We provide this information as a supplement to net revenues to enable investors to compare periods in 2005 and 2004 on a more consistent basis without the effects of acquisitions. Management uses this comparison to assess how well we are performing within our existing assets. The Company's management has excluded revenues from the Obie markets in the 2005 periods and no adjustment has been made to the 2004 periods with respect to the Obie markets because of operational issues that are unique to the assets in the Obie markets, which are comprised primarily of transit assets. Management intends to exclude revenues from the Obie markets in this manner until the Company has owned and operated these assets for twelve months.

Acquisition-adjusted net revenue is not determined in accordance with generally accepted accounting principles (GAAP). For this adjustment, we measure the amount of pre-acquisition revenue generated by the assets (excluding the Obie markets) during the period in 2004 that corresponds with the actual period we have owned the assets in 2005 (to the extent within the period to which this report relates). We refer to this adjustment as "acquisition net revenue, excluding the Obie markets." Net revenue (excluding revenues from the Obie markets) is also not determined in accordance with GAAP and excludes the revenue generated by the assets in the Obie markets from the Company's reported net revenue during the 2005 period.

Reconciliations of 2004 reported net revenue to 2004 acquisition-adjusted net revenue and 2005 reported net revenue to 2005 net revenue (excluding revenues from the Obie markets) for each of the three and nine month periods ended September 30, as well as a comparison of 2004 acquisition-adjusted net revenue to 2005 net revenue (excluding revenues from the Obie markets) for each of the three and nine month periods ended September 30, are provided below:

Reconciliation of Reported Net Revenue to Acquisition-Adjusted Net Revenue

	Three months ended September 30, 2004 (in thousands)	Nine months ended September 30, 2004 (in thousands)
Reported net revenue	\$ 231,622	\$ 659,513

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

#### Lamar Advertising Company and Lamar Media Corp.

The Company is exposed to interest rate risk in connection with variable rate debt instruments issued by its wholly owned subsidiary Lamar Media. The information below summarizes the Company's interest rate risk associated with its principal variable rate debt instruments outstanding at September 30, 2005, and should be read in conjunction with Note 8 of the Notes to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2004.

Loans under Lamar Media's bank credit agreement bear interest at variable rates equal to the JPMorgan Chase Prime Rate or LIBOR plus the applicable margin. Because the JPMorgan Chase Prime Rate or LIBOR may increase or decrease at any time, the Company is exposed to market risk as a result of the impact that changes in these base rates may have on the interest rate applicable to borrowings under the bank credit agreement. Increases in the interest rates applicable to borrowings under the bank credit agreement would result in increased interest expense and a reduction in the Company's net income.

At September 30, 2005, there was approximately \$525.0 million of aggregate indebtedness outstanding under the bank credit agreement, or approximately 32.7% of the Company's outstanding long-term debt on that date, bearing interest at variable rates. The aggregate interest expense for the nine months ended September 30, 2005 with respect to borrowings under the bank credit agreement was \$32.3 million, and the weighted average interest rate applicable to borrowings under this credit facility during the nine months ended September 30, 2005 was 4.6%. Assuming that the weighted average interest rate was 200-basis points higher (that is 6.6% rather than 4.6%), then the Company's nine months ended September 30, 2005 interest expense would have been approximately \$13.8 million higher resulting in a \$8.0 million decrease in the Company's nine months ended September 30, 2005 net income.

The Company has attempted to mitigate the interest rate risk resulting from its variable interest rate long-term debt instruments by issuing fixed rate, long-term debt instruments and maintaining a balance over time between the amount of the Company's variable rate and fixed rate indebtedness. In addition, the Company has the capability under the bank credit agreement to fix the interest rates applicable to its borrowings at an amount equal to LIBOR plus the applicable margin for periods of up to twelve months, which would allow the Company to mitigate the impact of short-term fluctuations in market interest rates. In the event of an increase in interest rates, the Company may take further actions to mitigate its exposure. The Company cannot guarantee, however, that the actions that it may take to mitigate this risk will be feasible or if these actions are taken, that they will be effective.

#### ITEM 4. CONTROLS AND PROCEDURES

a) Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures.

The Company's and Lamar Media's management, with the participation of the principal executive officer and principal financial officer of the Company and Lamar Media, have evaluated the effectiveness of the design and operation of the Company's and Lamar Media's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this quarterly report. Based on this evaluation, the principal executive officer and principal financial officer of the Company and Lamar Media concluded that these disclosure controls and procedures are effective and designed to ensure that the information required to be disclosed in the Company's and Lamar Media's reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the requisite time periods.

b) Changes in Internal Control Over Financial Reporting.

There was no change in the internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended) of the Company and Lamar Media identified in connection with the evaluation of the Company's and Lamar Media's internal control performed during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's and Lamar Media's internal control over financial reporting.

Certification pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002. Filed herewith.

#### CERTIFICATION

#### I, Kevin P. Reilly, Jr., certify that:

- 1. I have reviewed this combined quarterly report on Form 10-Q of Lamar Advertising Company and Lamar Media Corp.;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrants as of, and for, the periods presented in this report;
- 4. The registrants' other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrants and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrants, including their consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrants' disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrants' internal control over financial reporting that occurred during the registrants' most recent fiscal quarter (the registrants' fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrants' internal control over financial reporting; and
- 5. The registrants' other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrants' auditors and the audit committee of the registrants' board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrants' abilities to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrants' internal control over financial reporting.

Date: November 8, 2005 /s/ Kevin P. Reilly, Jr. Kevin P. Reilly, Jr. Chief Executive Officer, Lamar Advertising Company Chief Executive Officer, Lamar Media Corp.
